## TITLE 7—AGRICULTURE

### Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

[Amtd. 1, 1023 (Peanuts-52)-1]

#### PART 729—PEANUTS

##### DETERMINATION WITH RESPECT TO TYPES OF PEANUTS IN INSUFFICIENT SUPPLY FOR THE 1952-53 MARKETING YEAR

The purpose of this proclamation is to establish the types of peanuts for which the supply for the marketing year beginning August 1, 1952, will be insufficient to meet the estimated demand for cleaning and shelling purposes, to establish the extent of increase in State allotments for States producing peanuts of such types required to meet such demand, and to apportion such increase to such States. These determinations are made pursuant to section 358 (c) of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1358 (c)), which reads in part as follows:

Notwithstanding any other provision of law, if the Secretary of Agriculture determines, on the basis of the average yield per acre of peanuts by types during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type or types of peanuts for any marketing year, beginning with the 1951-52 marketing year, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it, the State allotments for those States producing such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand but the allotment for any State may not be increased under this provision above the 1947 harvested acreage of peanuts for such State. The total increase so determined shall be apportioned among such States for distribution among farms producing peanuts of such type or types on the basis of the average acreage of peanuts of such type or types in the three years immediately preceding the year for which the allotments are being determined. The additional acreage so required shall be in addition to the national acreage allotment, the

production from such acreage shall be in addition to the national marketing quota, and the increase in acreage allotted under this provision shall not be considered in establishing future State, county, or farm acreage allotments.

Section 729.305 of this proclamation defines each of the four commonly known basic types of peanuts—Runner, Spanish, Valencia, and Virginia—by describing the outstanding physical characteristics of each type and the areas of the United States in which each is most commonly grown. The definition of Virginia type peanuts includes a requirement that each lot or load of peanuts having Virginia type characteristics must contain a minimum percentage of large, so-called "Fancy", size peanuts, otherwise such lot or load will be considered Runner type peanuts.

Section 729.306 establishes the types of peanuts for which the supply for the marketing year beginning August 1, 1952, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it. This determination is based on the estimated production of each type of peanuts on the State allotments previously announced for the 1952 crop, on the basis of the average yield per acre of peanuts by types in the five years 1947-51, adjusted for trends in yields and for abnormal conditions of production affecting yields in those years. Section 729.306 also establishes the total increase in State allotments required to meet the prescribed demand for peanuts of the types for which an increase is provided.

Section 729.307 apportions the increase determined under § 729.306 to States producing peanuts of the types for which such increase is provided. Such increase is prorated to such States on the basis of the average acreage of peanuts (excluding acreage in excess of farm allotments) of such types grown in each State in the three years 1949-51, but the allotment for no State is increased above the 1947 harvested acreage of peanuts for the State. For the purpose of this proclamation "farm allot-

ments" for 1951 means the allotment established for the farm prior to any increase from released acreage or from the additional acreage allotted to farms producing Virginia or Valencia type peanuts. The 1949-51 average acreages used for the purposes of the aforementioned apportionment were determined by the State and county committees, in accordance with instructions issued by the Assistant Administrator, on the basis of data reported by farm operators and county office records of peanut acreages and production. The same data will be used as the basis for apportioning the State acreage to farms in accordance with the provisions of § 729.328 of the marketing quota regulations for the 1952 crop of peanuts (16 F. R. 11946).

Section 729.308 specifies that the increase in acreage allotted to States under § 729.307 shall not be considered in establishing future State, county, or farm acreage allotments.

Public notice of the proposed determination with respect to the supply of the several types of peanuts for the 1952-53 marketing year was given (17 F. R. 404) in accordance with the Administrative Procedure Act (5 U. S. C. 1003). The proclamation is made after due consideration of recommendations submitted in response to such notice. Peanut farmers are now making plans for the production of peanuts in 1952. In order that the State and county Production and Marketing Administration committees may

establish farm acreage allotments including the apportionment of the additional acreage provided herein for Virginia and Valencia types of peanuts, and issue allotment notices to farm operators at the earliest possible date, it is essential that this proclamation be made effective as soon as possible. Accordingly, it is hereby determined and found that compliance with the 30-day effective date provision of the Administrative Procedure Act is impracticable and contrary to the public interest, and the additional acreage allotments contained herein shall be effective upon filing of the document with the Director, Division of the Federal Register.

§ 729.305. *Definition of types of peanuts.* For the 1952 crop of peanuts, the generally known types of peanuts are defined as follows:

(a) Runner type peanuts means peanuts commonly known as African Runner, Alabama Runner, Georgia Runner, Carolina Runner, Wilmington Runner, Dixie Runner, or Runner, produced principally in the Southeastern peanut producing area of the United States and identified by the following characteristics: Typically two-seeded pods which are practically cylindrical, medium sized, stem end round and the other pointed with a slight keel, having shells fairly thick and strong, with shallow veining and corrugation; and seeds crowded in pod with adjacent ends sharply shouldered. Runner type peanuts will also include lots or loads of peanuts having Virginia type characteristics but not meeting size requirements specified in paragraph (d) of this section for Virginia type peanuts.

(b) Spanish type peanuts means peanuts commonly known as White Spanish, Small Spanish, Medium-Small Spanish, or Spanish; produced principally in the Southeastern and Southwestern peanut producing areas of the United States and identified by the following general characteristics: Typically two-seeded pods, which are small, with both ends rounded, the end opposite the stem having an inconspicuous point or keel, and the waist slender; shells very thin, with veining and corrugation but not deep; and seeds globular to oval and practically smooth.

(c) Valencia type peanuts means peanuts commonly known as New Mexico Valencia, Tennessee Valencia, Tennessee White, Tennessee Red, or Valencia, produced principally in Tennessee and New Mexico, and identified by the following general characteristics: Typically three- or four- and sometimes five-seeded pods which are long and slender, with the end opposite the stem having a definite point or keel with conspicuous veining and corrugation; and seeds globular to oval.

(d) Virginia type peanuts means peanuts commonly known as Virginia Runner, Virginia Bunch, North Carolina Runner, North Carolina Bunch, Jumbo, or Virginia, produced principally in North Carolina, Virginia, northeastern South Carolina, and Tennessee, and identified by the following general characteristics: Typically two-seeded pods which are of an average size larger than

any other type; pods are roughly cylindrical, with veining and corrugation deep; and seeds cylindrical with pointed ends, length two or three times diameter, and practically smooth. Any lot or load of peanuts which contains less than 20 percent "Fancy" size (peanuts riding a  $\frac{3}{16}$ " x 3" slotted screen) will be considered Runner type peanuts.

§ 729.306 *Designation of types for which increases are needed and determination of total increase.* The State acreage allotments for peanuts of the 1952 crop for States which produced Virginia type peanuts during any one or more of the years 1949, 1950, and 1951, shall be increased by a total of 30,249 acres. The State acreage allotment for peanuts of the 1952 crop for States which produced Valencia type peanuts during one or more of the years 1949, 1950, and 1951, shall be increased by a total of 2,390 acres. These increases are determined to be the addi-

tional acreage required to meet the demand for Valencia type peanuts and Virginia type peanuts for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it.

§ 729.307 *Apportionment of increase to States.* The acreages established in § 729.306, less reserves of one-fourth of one percent (76 acres for Virginia type peanuts and 6 acres for Valencia type peanuts) of such acreage which shall be used for adjusting increases in State allotments determined on the basis of incomplete or inaccurate data in accordance with instructions issued by the Assistant Administrator, are hereby apportioned to States on the basis of the average acreage (excluding acreage in excess of farm allotments) of Valencia type peanuts and Virginia type peanuts in each State in 1949, 1950, and 1951:

The above increases do not result in increasing the State allotment for any State above the 1947 harvested acreage of peanuts for such State.

§ 729.308 *No credit for future allotments.* The increase in acreage allotted to States and farms pursuant to §§ 729.307 and 729.328, respectively, shall not be considered in establishing future State, county, or farm acreage allotments.

§ 729.309 *Definitions and miscellaneous provisions.* The applicable definitions and provisions in §§ 729.310 to 729.331 of the marketing quota regulations for the 1952 crop of peanuts (16 F. R. 11946) shall apply to §§ 729.305 to 729.308.

## TITLE 32A—NATIONAL DEFENSE, APPENDIX

### Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 5, Admt. 4]

#### GOR 5—EXEMPTIONS OF CERTAIN CONSUMER DURABLE GOODS

##### ADDITIONAL EXEMPTIONS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 4 to General Overriding Regulation 5 is hereby issued.

##### STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 5 extends the coverage of that regulation so as to exempt the additional commodities listed in this amend-

ment from any ceiling price regulation issued by the Office of Price Stabilization.

The commodities exempted by the amendment are of minor significance to the economy and have but a trifling effect on the cost of living, the cost of the defense effort and general current industrial costs. These commodities are not so related to any commodities which are important to the cost of living, the cost of the defense effort or to general current industrial costs, as to have any effect on the controls of commodities remaining under ceiling price restrictions. Furthermore, any ceiling price restrictions imposed on these commodities would involve an administrative and enforcement burden out of all proportion to the importance of keeping them under price control. Considering the types of commodities exempted, this amendment will not have any material effect on the general level of prices.

Amendment 3 to GOR 5 exempted "Party novelties made in part of candy, nuts or cosmetics." Since the issuance of that amendment, a number of manufacturers have erroneously believed that its effect is to decontrol some cosmetic sets covered by SR 67, GCPR. Since the number of cosmetic products exempted by Amendment 3 is very small, it is deemed advisable to remove this possible source of confusion by deleting all reference to "cosmetics" from the party novelties provision. To avoid possible hardship to any manufacturer or reseller who may have treated a party novelty made in part of cosmetics as decontrolled under Amendment 3, this amendment provides that recontrol of party novelties made in part of cosmetics shall not become effective until fifteen days after the issue date of this amendment. Thereafter, sellers of such products must be in compliance with such regulations as are applicable to them.

This amendment also clarifies the language of the paragraph which exempts certain custom built household furniture (section 12) and broadens the existing exemption for certain artificial and preserved plants (section 6).

In view of the nature of this amendment, the Director has not found it necessary or practicable to consult formally with industry representatives.

#### AMENDATORY PROVISIONS

General Overriding Regulation 5 is hereby amended as follows:

1. The first paragraph of section 6 is amended to read as follows:

Artificial or non-edible preserved grass, plants, stems, vines, fruits, flowers, leaves and foods.

2. The last paragraph of section 6 is amended to read as follows:

Party novelties made in part of candy or nuts.

3. The following paragraph is added at the end of section 6:

Advertising novelties (such as pens, pencils, tooth picks, knives, cigarette lighters, leather back calendar pads, writing kits, playing cards) which are sold by a manufacturer to an advertiser who gives them away for purposes of publicity without cost to the recipient. These articles must be im-

printed with the name of the advertiser or the name of the recipient before delivery by the manufacturer.

4. The following paragraph is added at the end of section 7:

Cigarette rolling machines for home use.

5. The following paragraph is added at the end of section 7:

Art glass products gathered and shaped by hand in a manner that the glass worker, not moulds or other glass forming machinery, determines the final shape and design of the product.

6. The following paragraphs are added at the end of section 10:

Geographical and live or preserved biological material (human, botanical and zoological) used exclusively for educational purposes, including microscopic slides prepared with such material.

Sundials.

7. Section 12, subparagraph (a) (3) is amended by deleting the word "other" so as to make the paragraph read as follows:

(3) More than two sales of articles, sets, or suites of the same specifications. For the purpose of this exemption a change in the cover material or finish of an article of household furniture or any minor change shall not be considered as a change in specifications, or as constituting that article a custom built article.

8. General Overriding Regulation 5 is further amended by adding a new section 15 to read as follows:

#### SEC. 15. *Certain sporting goods.*

Bowling pins.

Clay targets used in artificial shooting.

Traps for clay target shooting.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154).

**Effective date.** This amendment, except for item 2, shall become effective February 4, 1952. Item 2 shall become effective February 14, 1952.

MICHAEL V. DeSALLE,  
Director of Price Stabilization.

#### [Ceiling Price Regulation 122]

#### CPR 122—CEILING PRICES FOR WESTERN SOFTWOOD PLYWOOD AND VENEER

Pursuant to the Defense Production Act of 1950, as amended (Public Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Ceiling Price Regulation 122 is hereby issued.

#### STATEMENT OF CONSIDERATIONS

This regulation establishes specific dollars-and-cents ceiling prices for direct-mill sales of most grades and sizes of plywood manufactured from the principal species of softwoods produced in the United States west of the 105th meridian. It also provides dollars-and-

cents ceiling prices for direct-mill sales of the principal grades and thicknesses of Douglas fir green or dry veneer, as well as a formula for the pricing of other grades and thicknesses. In addition, it provides that special products made from softwood plywood and plywood faced with other materials may be priced by application to the Office of Price Stabilization.

**Nature of the industry.** The softwood plywood industry on the Pacific Coast started in 1905 with a mill located at St. Johns, Oregon. During the next few years several other mills came into existence, largely around Puget Sound in the State of Washington. These first few mills were actually in the nature of a plywood department connected with existing door factories, and their principal purpose was to furnish plywood door panels for the door industry. During the past twenty years, this industry has expanded rapidly, first in the State of Washington and then progressing southward into northern Oregon, then to central and southern Oregon, and within the past few years into northern California.

At the present time there are approximately eighty plants in this area with about 20,000 employees, producing softwood plywood at the rate of three billion square feet, valued at \$300,000,000 per year. Over 95 percent of this plywood is produced from Douglas Fir, about 3 percent from Western pine, and the remainder from other softwoods in the area. The softwood plywood industry has been one of the fastest growing and most important branches of the entire lumber industry.

Softwood plywood is produced in two principal types—interior or moisture resistant, and exterior which will stand exposure outdoors. Each type is made in six different grades, or qualities, and within each of these grades are a large number of sizes and thicknesses.

Plywood is made by laminating thin sheets of veneer to each other with adhesives, with the grain of each alternate sheet running at right angles to the other. Veneer is a thin sheet of wood produced from a log by sawing, slicing, or rotary cutting. Most softwood veneer is manufactured by the rotary process. The grain of the top and bottom faces on plywood is usually in the same direction. Thus plywood is usually made of an odd number of plies—3 ply, 5 ply, 7 ply, etc. In making plywood there is no change in the structure of the wood and the grain of each alternate ply being at right angles makes it possible to obtain maximum strength and rigidity with a minimum of thickness.

Plywood is considered a critical material in the preparedness program, and the military authorities have encouraged its production especially in the exterior grades. Under N. P. A. Order M-63, dated May 16, 1951, each plywood producer was required to set aside 20 percent of his total production each month, for issuance only on "DO Rated Orders"; and of this reserve at least 40 percent was required to be in the exterior grades by those mills producing exterior type plywood. On August 3, 1951, Order M-63 was amended, increas-

ing the amount required to be set aside to 30 percent of the total production, and increasing the required proportion in the exterior grades to 50 percent. The latter amendment has resulted in nearly doubling the required amount of exterior grades of plywood which must be set aside.

The commercial sale of veneer as a separate item is a development in the industry since World War II.

*Nature of this regulation.* This regulation establishes mill level ceiling prices, and does not deal with pricing at the various distribution levels. The transactions covered are described as "direct-mill sales". Such a sale exists when a shipment originating at a mill reaches its ultimate destination with the shipment intact, regardless of who actually effected the sale and whether or not the title passes to an intermediate buyer. Thus the term direct-mill sale does not include a transaction where a shipment passes through a yard or warehouse and is actually unloaded before being resold. It is traditional in the industry concerned for mills selling through wholesalers and commission men to allow such persons a functional discount on direct-mill sales. A uniform selling price on direct-mill sales is thereby maintained, whether or not wholesalers or commission men are involved. The treatment of the matter in the regulation, therefore, conforms to the industry's traditional marketing practices.

As carload sales constitute the great majority of plywood and veneer sales, and as industry pricing customarily reflects this factor, the basic prices appearing in this regulation are carload prices. Appropriate provision is made to cover less-than-carload sales. In order that there may be a uniform standard of reference with respect to the grades and measurements of items covered, wherever possible, the regulation describes such items by reference to appropriate Department of Commerce standards.

The specie from which the industry produces the most items is Douglas Fir. Consequently, price tables for Douglas Fir are regarded as basic, and are therefore detailed at length. To avoid unnecessary duplication, detailed price tables are not repeated for other species having the same price characteristics as Douglas Fir, but, rather appropriate reference is made to the basic Douglas Fir tables.

Because of its recent development as an item for commercial sale, well established trade customs pertaining to the manufacture and sale of Douglas fir veneer do not exist. Thus neither grading, measuring, nor pricing terminology is uniform. These factors, together with various area qualitative differences, as well as differing individual productive needs, have rendered impractical the listing of dollars-and-cents prices for all Douglas fir veneer. For these reasons, a formula has been devised for the pricing of many of these veneer items.

The quantity of veneer made from species other than Douglas fir that is sold commercially is small. For example, only one manufacturer produces and sells Western pine veneer. Accord-

ingly, these commodities will be priced upon application to OPS.

Prices of certain plywood and veneer items covered by this regulation rose in various degrees between June 1950 and January 1951. Moreover, the increases varied substantially among firms in the industry. A distorted price pattern resulted, which was frozen by the General Ceiling Price Regulation. This regulation restores the generally prevailing price pattern in the industry by establishing integrated schedules of dollars-and-cents ceiling prices. These prices were determined from price lists submitted to the Office of Price Stabilization by more than one half of the mills in the industry. Together these mills account for the bulk of the annual plywood production.

In general, the ceiling prices established by this regulation were determined by averaging the January-February 1951 prices separately by type, grade, and thickness. Minor adjustments were then made in the average GCPR prices in order to create uniform differentials for grade and thickness. In addition, for some items in the exterior grades which were out of line during the winter of 1950-1951, ceiling prices are put from three to six dollars per thousand above the GCPR level to insure an adequate supply to meet the requirements of the defense mobilization program. Compensatory reductions were also made in some items of interior plywood in order to restore a more nearly normal price pattern.

The level of ceiling prices established by this regulation is not below the lower level of the prices prevailing just before the issuance of this regulation or the prices prevailing during the period January 25, 1951 through February 24, 1951.

#### FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization the ceiling prices established by this regulation are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

So far as practical in the formulation of this regulation, the Director of Price Stabilization has given due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950 to June 24, 1950, inclusive; to those prevailing during the period January 25 through February 24, 1951, as well as to the level of prices prevailing just before the issuance of this regulation; and to all relevant factors of general applicability.

In formulating this regulation, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. This included two meetings with the Industry Advisory Committee for Western Softwood Plywood and Veneer Manufacturers, and one meeting with a subcommittee of the latter committee.

Every effort has been made to conform this regulation to existing business

practices, especially those existing west of the 105th meridian, with respect to the production, sale, and distribution of softwood plywood and veneer. Insofar as any provisions of this regulation may operate to compel changes in those practices, such provisions are found by the Director of Price Stabilization to be necessary to prevent circumvention or evasion of this regulation.

*AUTHORITY:* Sections 1 to 20 issued under sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154. Interpret or apply Title IV, 64 Stat. 803, as amended, 50 U. S. C. App. Sup. 2101-2110. E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

**SECTION 1. What this regulation does.** (a) This regulation establishes ceiling prices on direct mill sales of softwood plywood and veneer manufactured in the United States west of the 105th meridian. It also requires that certain manufacturers must apply for the establishment of ceiling prices for certain softwood plywood with decorative faces, or faced with special faces, plastic, or other composition material.

(b) This regulation supersedes the General Ceiling Price Regulation with respect to the products and transactions covered.

(c) This regulation applies to the 48 States of the United States and the District of Columbia.

**SEC. 2. Coverages—(a) Products covered.** This regulation covers: (1) Various grades and sizes of softwood plywood and veneer manufactured in the United States west of the 105th meridian, including, but not limited to the following species: Douglas Fir (*Pseudotsuga taxifolia*), West Coast Hemlock (*Tsuga heterophylla* and *Tsuga mertensiana*), Noble Fir (*Abies nobilis*), White Fir (*Abies concolor*), Ponderosa Pine (*Pinus ponderosa*), Idaho Pine (*Pinus monticola*), Sugar Pine (*Pinus lambertiana*), Western Red Cedar (*Thuja plicata*), Redwood (*Sequoia sempervirens*), Engelmann Spruce (*Picea engelmanni*), and Sitka Spruce (*Picea sitchensis*).

(2) Softwood plywood faced with plastic, other composition material, or having special faces applied and containing one or more laminations of softwood veneer when manufactured from the

species set forth in subparagraph (1) of this paragraph by a manufacturer who produced such softwood plywood in the United States west of the 105th meridian. (Note: These are products for which specific ceiling prices are not listed in this regulation. You must apply under section 5 to establish their ceiling prices.)

(3) Softwood plywood with decorative faces when processed either by a producer or a non-producer of such softwood plywood in the United States west of the 105th meridian. This means the processing of the plywood face itself when no other material or other composition is applied over the plywood, as, for example, where the natural plywood face is processed into a decorative face, such as by wire brushing to bring the grain into relief, by embossing, or by facing with vertical grain veneer. (Note: These are products for which specific ceiling prices are not listed in this regulation. You must apply under section 5 to establish their ceiling prices.)

(4) This regulation does not cover technical plywood, even though all veneers are of softwood, when made according to specifications MIL-P-6070 (Aircraft Flat Panel) or softwood plywood with one or more laminations of hardwood veneer.

(b) *Transactions covered.* This regulation covers all direct mill sales of the products covered by this regulation. A direct mill sale is a sale in which the shipment of any of the products covered in this regulation originates at a producer's mill, no matter who the seller is, and no matter whether he usually is known as a mill operator, wholesaler, direct mill shipping wholesaler, retailer, distributor, or by any other name.

An applier of plastic, other composition material, or special faces to softwood plywood who also produced such plywood, and a processor of decorative faces to softwood plywood shall be considered producers within the meaning of this subparagraph, and their sales are direct mill sales.

A direct mill shipping wholesaler is a person who does not maintain or operate a warehouse or yard for the stocking of plywood and other products covered in this regulation and who either purchases these products for resale, or handles them on a commission basis, without warehousing or stocking them in the regular course of business.

**SEC. 3. Ceiling prices for direct mill sales—**(a) *Ceiling prices, f. o. b. mill for carload direct mill sales.* The ceiling prices f. o. b. mill for carload direct mill sales of softwood plywood and veneer are listed in sections 16 through 19 (Tables 1 through 10) of this regulation. (If millwork or hardwood plywood, or both, are included in a car with one or more grades or sizes of products covered in section 2 of this regulation, they must be included in computing the total weight of the shipment). For the purpose of this regulation, the term "carload" means:

(1) When shipment is by rail, the minimum weight required by the Interstate Commerce Commission in its Revised Service Order No. 876, as presently

amended, or as it may be amended in the future.

(2) When shipment is by truck, the minimum weight which is considered a truck carload quantity at the point of origin of shipment according to applicable State or Federal legislation.

(b) *Ceiling prices f. o. b. mill for less-than-carload direct mill sales.* The ceiling prices f. o. b. mill for less-than-carload direct mill sales of softwood plywood or veneer, or both, not mixed with other commodities other than lumber as set forth in section 17 (I), shall be 10 percent over the prices set forth in the ceiling price tables in this regulation.

(c) *Delivered ceiling prices.* The delivered ceiling prices for carload direct mill sales are the ceiling prices f. o. b. mill plus a charge for delivery to the purchaser figured as follows:

(1) *Common or contract carrier.* When delivery is made by common or contract carrier, no higher than the established weights set forth in section 18 of this regulation may be applied to the applicable freight rate in effect at the time of shipment.

(2) *Private truck.* When delivery is by truck owned by the seller, only the actual cost of delivery may be added, and in no case may this addition exceed the common carrier truck rate, exclusive of any transportation tax.

(3) *Rounding out to the nearest nickel.* The charge for delivery may be evened out to the nearest nickel per 1,000 square feet.

**SEC. 4. Pricing method for rejects.** Plywood of any grade which has been rejected by grading process is referred to as "rejects". The ceiling prices for rejects are 10 percent below the ceiling price for the grade from which the plywood products covered by this regulation are rejected.

**SEC. 5. Ceiling prices for products not specifically priced.** (a) If you wish to make a direct mill sale of a product covered in section 2 of this regulation for which a specific ceiling price is not listed in the ceiling price tables, or if you wish to make an addition for special workings, specifications, services or other extra for which additions are not specifically permitted you must file an application in triplicate with the OPS, Lumber and Wood Products Branch, Washington 25, D. C., by registered mail, return receipt requested by you, to establish ceiling prices for such sales.

An application for ceiling prices under this section may be made for: Approval of proposed ceiling prices for products now being produced but for which specific ceiling prices are not listed in this regulation; approval of a proposed ceiling price for a particular order for a new non-priced product; or general approval of a proposed ceiling price or price list which you seek to set up for new non-priced products.

(1) *Non-priced products now being produced.* If, prior to the effective date of this regulation, you produced products covered in section 2, for which ceiling prices had been determined under the General Ceiling Price Regulation, but which cannot be determined

under sections 16 to 19, inclusive, you must within 30 days after the effective date of this regulation, (or within whatever extended period that may be allowed you after request directed to the OPS, Lumber and Wood Products Branch, Washington 25, D. C.) file an application to establish ceiling prices for such products. You are required to furnish the following information:

(i) As complete a description as possible of the products to be priced.

(ii) The requested ceiling price on a direct mill sale, f. o. b. mill.

(iii) The selling price f. o. b. mill of such product immediately prior to the effective date of this regulation and during the period January 25, 1951 to February 24, 1951, inclusive.

You may, until and after you make such application, use and collect your ceiling price as established under the General Ceiling Price Regulation until a ceiling price is established in accordance with the provisions of this paragraph.

After the receipt of such application, the OPS may approve or disapprove your proposed ceiling prices, establish a different ceiling price, or request additional information. If your application is not acted on within 30 days of the receipt thereof by OPS, you may then consider the prices applied for as your ceiling prices until such time as the prices may be modified or revoked by the OPS.

(2) *Particular order for new non-priced products.* Where you wish specific approval of a proposed ceiling price for a particular order for a new product for which a specific ceiling price is not listed in sections 16 to 19, inclusive, you must file an application within five days after acceptance of an order. The following information shall be set forth:

(i) The proposed ceiling price.

(ii) As complete a description as possible of the product to be priced, which may be by reference to a product priced in this regulation with an explanation of product differences.

(iii) The price of the most comparable product produced by you between June 1, 1950, and February 24, 1951 or if you had no comparable product, the price of the most comparable product produced by your closest competitor. Explain the reasons for the difference between the price of this comparable product and the price you have proposed for your new product. If the difference cannot be explained in terms of established price differentials a detailed analysis of the costs of manufacturing the new and the comparable product should be furnished.

(iv) The purchaser's name and points of origin and delivery.

After the receipt of an application pursuant to this paragraph, the OPS may approve or disapprove your proposed ceiling price, establish a different ceiling price, or request additional information. Pending any such action, you may sell the product covered by your application at your proposed ceiling price, provided that you agree to, and later, refund to the purchaser the amount, if any, by which such price exceeds the ceiling price established by the OPS. If the OPS has not acted upon your application within

30 days of the receipt thereof, your proposed ceiling price shall be deemed to have been approved for all deliveries made between the date of filing your application and the date of any order issued by the OPS disposing of your application.

If the OPS has established a ceiling price for you under this paragraph, by approval or otherwise, the price established shall be your ceiling price on all additional sales of the same product, unless it is revoked, revised, or modified by the OPS.

(3) *General approval for new non-priced products.* When you wish approval for a proposed ceiling price or price list which you seek to set up for general use in the future on new products, for which specific ceiling prices are not listed in sections 16-19, inclusive, you must file an application and set forth the information required in subparagraph (2) above, except that you need not list a purchaser's name or points of origin and delivery.

Quotations may not be made, orders taken, or shipments commenced until a ceiling price has been approved by the OPS. The proposed ceiling price or price list shall be deemed approved if you have not been notified to the contrary by the OPS within 30 days after receipt of your application.

(b) *Additional information:* In the event the OPS Lumber and Wood Products Branch requests further information from you, and does not establish ceiling prices within 20 days from the receipt of the additional information, your proposed ceiling prices shall be deemed to have been approved, subject to non-retroactive revocation or modification.

(c) *Consistency of prices:* Ceiling prices proposed under this section should be, and ceiling prices established under this section will be, in line with the level of ceiling prices otherwise established by this regulation.

**Sec. 6. Modification of proposed ceiling prices by Director of Price Stabilization.** The Director of Price Stabilization may at any time disapprove or reduce ceiling prices determined under this regulation so as to bring them into line with the level of ceiling prices otherwise established by this regulation.

**Sec. 7. Petitions for amendment.** If you wish to have this regulation amended, you may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1, Revised (16 F. R. 4974).

**Sec. 8. Adjustable pricing.** Nothing in this regulation prohibits you from making a contract or offer to sell at (a) the ceiling price in effect at the time of delivery, or (b) the lower of a fixed price or the ceiling price in effect at the time of delivery. You may not, however, deliver or agree to deliver at a price to be adjusted upward in accordance with any increase in a ceiling price after delivery.

**Sec. 9. Records.** This section applies to you if you sell, or if you buy in the regular course of trade or business, any product covered by this regulation.

(a) If you sell, you shall make and keep, or, if you buy, you shall keep for inspection by the Director of Price Stabilization, in addition to the base period records required by section 16 (a) of the General Ceiling Price Regulation, for a period of two years, complete and accurate records of each sale or purchase made after the effective date of this regulation. The records, which may be in the form of invoices, must show:

(1) The date of the purchase or sale.  
(2) The name and address of the buyer and seller.

(3) The quantity, grade and size of the product or products covered by this regulation which are sold or bought.

(4) Prices charged or paid and terms of sale.

(5) All pertinent information which affects the ceiling price, such as any specification or extra, whether each purchase or sale is made on an f. o. b. mill or on a delivered basis; in the case of a sale on a delivered basis, your records must show all the transportation charges, together with the rates applied, and the origin and destination of shipment. Records must also show all premiums, discounts and allowances.

(b) Persons required to keep records by paragraph (a) of this section shall keep such other records and shall submit such reports as the Director of Price Stabilization may, from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

**Sec. 10. Transfers of business or stock in trade.** If the business, assets or stock in trade of any business are sold or otherwise transferred after the effective date of this regulation, and the transferee carries on the business, or continues to deal in the same products, in an establishment separate from any other establishment previously owned or operated by him, the ceiling prices of the transferee shall be the same as those to which his transferor would have been subject, if no such transfer had taken place, and his obligations to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the provisions of this regulation.

**Sec. 11. Excise, sales and similar taxes.** Any person may collect, in addition to the ceiling price established by this regulation, any excise, sales or similar tax imposed upon him by reason of his sale of a product covered by this regulation if he is not prohibited by law from making such collection and if he states separately from his selling price the amount of the tax collected.

**Sec. 12. Interpretations.** If you wish an official interpretation of this regulation, you should write to the District Counsel of your district office of the Office of Price Stabilization for an interpretation. Any action taken by you in reliance upon, and in conformity with a written official interpretation, will constitute action in good faith pursuant to this regulation. Further information on obtaining official interpretations is

contained in Price Procedural Regulation 1, Revised.

**Sec. 13. Prohibitions, enforcement, and record-keeping violations—(a) Prohibitions.** You shall not do any act prohibited or omit to do any act required by this regulation, nor shall you offer, solicit, attempt or agree to do or omit to do any such acts. Specifically (but not in limitation of the above) you shall not, regardless of any contract or other obligation, sell, and no person in the regular course of trade or business shall buy from you at a price higher than the ceiling price established by this regulation, and you shall keep, make and preserve true and accurate records and reports, required by this regulation. Prices lower than the ceiling prices may, of course, be charged and paid.

(b) *Enforcement.* If you violate any provisions of this regulation, you are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Defense Production Act of 1950, as amended.

(c) *Record-keeping and filing violations.* If any person subject to this regulation fails to prepare or keep any record or file any report required by this regulation in connection with the establishment of his ceiling price, or if any person subject to this regulation fails to establish a ceiling price or apply to the Office of Price Stabilization for the establishment of a ceiling price, if he is required to do so, the Director of Price Stabilization may issue an order fixing his ceiling prices. Any ceiling price fixed in this manner will be in line with ceiling prices generally established by this regulation. The order fixing the ceiling price may apply to all deliveries or transfers completed prior to the date of issuance of the order. The issuance of such an order will not relieve the seller of his obligation to comply with the requirements of this regulation or of the various penalties for failure to do so.

**Sec. 14. Evasions.** Any means or device which results in obtaining indirectly a higher price than is permitted by this regulation or in concealing or falsely representing information as to which this regulation requires records to be kept is a violation of this regulation. This prohibition includes, but is not limited to, means or devices making use of commissions, services, cross sales, transportation arrangements, premiums, discounts, special privileges, up-grading, tie-in agreements, trade understandings, unnecessarily routing through commonly owned or controlled warehouses or yards in order to avoid customary functional discounts or to obtain distribution plant markups and the like, as well as the omission from records of true data and the inclusion in records of false data.

**Sec. 15. Exports.** The ceiling prices for export sales of softwood plywood and veneer are governed by Ceiling Price Regulation 61 issued by the Office of Price Stabilization.

**Sec. 16. Ceiling prices of softwood plywood—(a) Douglas Fir.** The ceiling prices f. o. b. mill for carload direct mill sales per 1,000 square feet of Douglas Fir plywood manufactured in accordance

with the standards of the United States Department of Commerce, National Bureau of Standards, published in Commercial Standard CS 45-48 (Douglas Fir Plywood, domestic grades), Eighth Edition, effective November 1, 1948, shall be as follows:

TABLE 1—INTERIOR TYPE (MOISTURE RESISTANT) DOUGLAS FIR PLYWOOD

Sec. 17. *Differentials, net extras, and special pricing*—(a) *Wide widths*. Add to ceiling price for 48" width per 1,000 square feet:

as 48" x 48", the veneer shall be furnished as 53" x 51".

(b) Table 10 below shows the nominal thickness of veneer generally cut and also expressed in exact decimal terms for each thickness, the number of pieces of each thickness per inch and the basic ceiling prices for each thickness in the face and core quality produced.

(c) The ceiling prices f. o. b. mill for carload direct mill sales per 1,000 square feet for rotary cut Douglas Fir green sheet veneer manufactured in accordance with the standards of the United States Department of Commerce, National Bureau of Standards, published in Commercial Standard CS 48-48 (Douglas Fir Plywood, domestic grades), Eighth Edition, effective November 1, 1948, shall be as shown in Table 10.

TABLE 10—ROTARY CUT DOUGLAS FIR GREEN SHEET VENEER

Nominal thickness	Decimal thickness	Average pieces per inch	Basic ceiling price
$\frac{1}{16}$ " face	.100	9.00	\$30.30
$\frac{1}{8}$ " face	.125	7.25	10.10
$\frac{3}{16}$ " face	.187	5.40	12.00
$\frac{1}{4}$ " face	.250	4.00	18.00
$\frac{1}{4}$ " core	.187	5.40	18.00
$\frac{3}{8}$ " core	.125	7.25	10.10
$\frac{1}{2}$ " core	.100	9.00	10.70

(d) Since some mills cut varying decimal thicknesses for the nominal thicknesses set forth in Table 10 to meet the different requirements of their customers, Table 10 can be adjusted to meet the specific decimal thickness requirements of any mill as follows: Divide the decimal thickness which the mill cuts by the decimal thickness shown in Table 10 and multiply the resulting ratio by the basic ceiling price shown in Table 10. (Such calculations may be rounded out to the nearest nickel per 1,000 square feet). For example:

(1) Mill A cuts its  $\frac{1}{8}$ " veneer .104 instead of an exact .100. To find its ceiling price on  $\frac{1}{8}$ " face veneer, divide .104 by .100 (.104 ÷ .100 = 1.04) and multiply the resulting ratio (1.04) by \$30.30 to obtain a price of \$31.51 (\$30.30 × 1.04 = \$31.51). Rounded out to the nearest nickel results in a ceiling price on  $\frac{1}{8}$ " face veneer for Mill A of \$31.50 per 1,000 square feet.

(2) Mill B cuts its  $\frac{1}{4}$ " veneer .130 instead of an exact .125. To find its ceiling price on  $\frac{1}{4}$ " core veneer, divide .130 by .125 (.130 ÷ .125 = 1.04) and multiply the resulting ratio (1.04) by \$12.00 to obtain a price of

(n) *Trim*. For edge and end trimming developed, the ceiling price shall be five cents per pound.

(o) For plywood manufactured with additional plies over the number required by standard practice as shown in the price tables, add for each two additional plies:

For interior—\$14.50 per 1,000 square feet.

For exterior—\$17.50 per 1,000 square feet.

Examples:  $\frac{3}{4}$ " sanded requiring 7 plies instead of the standard 5 plies;  $\frac{3}{4}$ " sanded requiring 5 plies instead of the standard 3 plies.

(p) For overseas crating grade (DCD

fe" unsanded) to serve special military requirements, add to the interior sheathing grade ceiling price (CD) \$5.00 per 1,000 square feet.

Sec. 18. *Established weights of plywood*. Established weights no higher than the following may be used in figuring delivery charges of plywood:

Thickness in inches	Pounds per 1,000 square feet			
	Douglas fir, hemlock, noble fir, white fir, spruce	Western pine	Redwood, cedar	
$\frac{1}{16}$ "	490	450	450	600

$\frac{1\frac{1}{2}$ "	3,175	3,275	3,375	3,275

For thicknesses greater than  $1\frac{1}{4}$ " use 1" weight plus weight of other thicknesses necessary.

Notes: The seller must apply to the Lumber and Wood Products Branch, Office of Price Stabilization, Washington 25, D. C., for established weights for other softwood species and other products covered by this regulation not shown in above table.

Sec. 19. *Ceiling prices of rotary cut Douglas Fir veneer*. (a) Rotary cut Douglas Fir green sheet veneer shall be priced as a standard procedure on the basis of a 48" x 96" or 24" x 96" sheet.

When priced as 48" x 96", the veneer shall be furnished as 53" x 101", when priced as 24" x 96", the veneer shall be furnished as 27" x 101". When priced

Plywood "handy panels," panels of the following sizes, 20" x 48", 24" x 48", 20" x 44", and 24" x 44", to be labeled and packaged (package to be approximately 3" in thickness) shall have ceiling prices 15 percent over the ceiling prices for the same grade and thickness listed in the price tables for any shipment no matter how shipped.

(f) *Solid core*. For selected sound cores and cross bands add:

3 ply—\$5.00 per 1,000 square feet.

5 ply—\$15.00 per 1,000 square feet.

7 ply—\$25.00 per 1,000 square feet.

(g) *Surface treating*. (1) For treating panels with waterproofing agent (oil) add \$3.00 per 1,000 square feet.

(2) For treating panels with edge sealer add \$2.00 per 1,000 square feet.

(3) For treating panels with resin sealer add \$8.50 per 1,000 square feet.

(4) For treating panels with toxic and resin sealer add \$8.50 per 1,000 square feet.

(h) *Toxic glue lines*. For treating panels to provide toxic glue lines add:

3 ply—\$5.00 per 1,000 square feet.

5 ply—10.00 per 1,000 square feet.

7 ply—15.00 per 1,000 square feet.

(i) *Marine grade*. For special marine grade specifications to conform to MIL-P-66A add to exterior ceiling prices for the required size and thickness, the net extra cost for solid core and cross bands shown under section 17(f) plus \$2.00 per 1,000 square feet for jointed core.

(j) *Bundling*. For bundling in heavy kraft paper packing add 85 cents per  $\frac{1}{16}$ " in thickness per 1,000 square feet.

(k) *Lotting*. For segregating or lot marking on car of two or more lots add \$10.00 for each lot over one.

(l) *Carload shipments mixed with lumber*. Where plywood is mixed with lumber in carload shipments an addition may be made to the plywood carload ceiling prices as follows: If the plywood is less than 20,000 pounds, add 10 percent to the plywood carload ceiling price. If the plywood is 20,000 pounds to 38,000 pounds, add 5 percent to the plywood carload ceiling price.

(m) *Unsanded panels*. For unsanded panels (grades other than sheathing) deduct \$1.25 per 1,000 square feet from the ceiling price for the thickness to which the panel would regularly be sanded.

	Interior	Exterior
Over 48" to 60", inclusive, sanded or unsanded	\$9	\$15
Up to 96" where length is not over 48" (counter fronts)	10	12

(b) *Long lengths 10 feet and under*. Add to the ceiling price for 96" lengths per 1,000 square feet:

	Interior	Exterior
Over 96" to 108", inclusive, sanded or unsanded	\$3	\$9
Over 108" to 120", inclusive, sanded or unsanded	9	10

Note.—Panels not sanded with surface area over 50 square feet, add \$25 per 1,000 square feet.

(c) *Long lengths over 10 feet*. All thicknesses shown after sanding, add to the ceiling price for 96" lengths per 1,000 square feet:

(d) *Extra thicknesses*. For panels thicker than  $1\frac{1}{4}$ " unsanded:

Interior—Add \$17.00 per 1,000 square feet to the  $1\frac{1}{4}$ " price for each  $\frac{1}{16}$ " of unsanded thickness over  $1\frac{1}{4}$ ".

Exterior—Add \$22.00 per 1,000 square feet to the  $1\frac{1}{4}$ " price for each  $\frac{1}{16}$ " of unsanded thickness over  $1\frac{1}{4}$ ".

(e) *Non-standard sizes—cut to size specifications*. For cut-to-size panels (other than standard sizes listed and "handy panels") figure base size at nearest larger standard size or multiple and add \$2.50 per 1,000 square feet if one cut is required and \$2.50 per 1,000 square feet for each additional cut required.

\$12.48 (1.04×12.00=\$12.48). Rounded out to the nearest nickel results in a ceiling price on  $\frac{1}{16}$ " core veneer for Mill B of \$12.50 per 1,000 square feet.

(e) In determining footage for invoice purposes, it is permissible to measure the height and width of the load to compute the square footage of veneer. The height in inches so determined is multiplied by the number of pieces per inch as shown in Table 10 above.

(1) The footage so determined shall be checked at least once every 30 days against an actual piece count for purposes of accuracy.

(2) Strip loads (accumulations of veneer which do not measure to the above required dimensions and which are regarded as random loads 6" to 24" in width) shall be reduced 2" in width in computing the footage in a load and then a 6% reduction in footage taken to allow for loss in taping and manufacturing processes and a loose piling of the load.

(f) By agreement between the buyer and the seller, the veneer may be priced at a flat figure to be obtained by applying the percentage of face stock in a shipment to the face price in Table 10 and the percentage of core stock to the core price in Table 10. For example:

(1) Mill A develops regularly 33 $\frac{1}{3}$  percent of face stock from its logs and the buyer is satisfied to buy at a flat price feeling secure he will obtain that percentage of faces.

Instead of pricing  $\frac{1}{8}$ " of each shipment of  $\frac{1}{8}$ " veneer at \$36.00 and  $\frac{3}{4}$  of the shipment at \$12.00, the seller may price such shipment at an average price of \$20.00 per 1,000 square feet. (Resulting from pricing 33 $\frac{1}{3}$  percent at \$36.00 and 66 $\frac{2}{3}$  percent at \$12.00, 33 $\frac{1}{3}$  percent at \$36.00=\$12.00; 66 $\frac{2}{3}$  percent at \$12.00=\$8.00, \$12.00+\$8.00=\$20.00, the average price of the shipment.)

(g) If the veneer is required to be shipped dry instead of green, it shall be dried to an average moisture content of 4 percent at time of shipment and the following price additions may be added per 1,000 square feet to the ceiling prices established above for green veneer; regardless of the exact decimal for each thickness.

For $\frac{1}{16}$ " veneer.....	\$1.55

*AUTHORITY:* Sections 1 to 9 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071. Sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; sec. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789.

**SECTION 1. What this order does.** This order establishes inventory limitations for iron and steel scrap and subjects such scrap to allocation to assure its distribution in the interest of national defense. (The delivery and acceptance of used rails and used axles is also subject to the provisions of NPA Order M-64.)

**SEC. 2. Definitions.** As used in this order: (a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Scrap" means all ferrous materials, either alloyed or unalloyed, of which iron or steel is the principal component, which are the waste of industrial fabrication or objects that have been discarded on account of obsolescence, failure, or other reasons, including therein iron and steel rails and axles for rerolling purposes.

(c) "Shipper" means any person engaged in the business of scrap dealer or scrap broker, and any person (except a person engaged in demolition, shipbreaking, or other similar long-term projects) engaged in any business in the course of which scrap results, accumulates, or is generated or produced.

(d) "Consumer" means any person who melts scrap in the course of manufacture of iron, steel, or ferro-alloys, and includes persons engaged in the operating of blast furnaces or in the rerolling of iron or steel rails or axles. If the business of any consumer is carried on in or by more than one operating unit, each operating unit shall constitute a consumer within the meaning and intent of this order.

(e) "NPA" means the National Production Authority.

**SEC. 3. Restrictions on shippers.** (a) No shipper, in any 60-day period, may receive delivery of any scrap the total of which will have the effect of increasing his inventory working position beyond a practicable minimum working inventory or beyond the average of his inventory position during the last preceding 60-day period, whichever is the lesser: *Provided, however,* That the prohibition set forth in this section shall not extend to those engaged in normal seasonal accumulation of scrap for subsequent water shipments.

(b) No shipper shall accept an order for, sell, or deliver scrap which, or any

part of which, he knows or has reason to believe will be accepted, received, held, or used in violation of any provision of this order.

**SEC. 4. Restrictions on consumers.** NPA may from time to time establish, with respect to the scrap inventory of consumers, limitations either greater or less than the limitations established by the provisions of NPA Reg. 1. The permissible scrap inventory of a consumer which is subject to a limitation established under this section and differing from the limitation established by the provisions of NPA Reg. 1 shall, for the purposes of this section, be known as an emergency inventory. No consumer may receive or accept delivery of scrap if his inventory thereof is, or by such receipt would become, more than a practicable minimum working inventory, or, if NPA shall have established with respect to such consumer an emergency inventory, more than such emergency inventory as of the date of the proposed receipt. In figuring his inventory a consumer must include all scrap in his possession or held for his account by others, but not that held by him for the account of others.

**SEC. 5. Allocations and directives.** NPA may from time to time allocate scrap and specifically direct the manner and quantities in which deliveries to particular persons or classes of persons or for particular uses or classes of uses shall be made or suspended; and from time to time may issue specific directives to any person as to the source, destination, consignee, or amount of scrap to be delivered or acquired by such person.

**SEC. 6. Request for adjustment or exception.** Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment or exception claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor.

**SEC. 7. Communications.** All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref.: M-20.

**SEC. 8. Records and reports:** (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular account-

ing method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available for inspection and audit by duly authorized representatives of NPA, at the usual place of business where maintained.

(c) Not later than the tenth day of each calendar month, and unless otherwise directed by NPA, a person (except a consumer, an automobile wrecker as defined in NPA Order M-92, and a person who files Form NPAF-33) who purchased and received, or sold and delivered, 100 gross tons or more of scrap during the preceding monthly period, shall report to NPA in the manner prescribed by Form NPAF-32.

(d) Not later than the tenth day of each calendar month, and unless otherwise directed by NPA, a person (except a person who files Form NPAF-32) who generated 100 gross tons or more of scrap during the preceding monthly period, shall report to NPA in the manner prescribed by Form NPAF-33.

(e) Not later than the tenth day of each calendar month, a consumer who used any scrap during the preceding monthly period, shall report to NPA in the manner prescribed in Bureau of the Census Form M21C.

(f) Persons subject to this order shall make such records and submit such other reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

**SEC. 9. Violations.** Any person who wilfully violates any provision of this order or any other order or regulation of NPA or who wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and, upon conviction, may be punished by fine or imprisonment or both. In addition administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

This order as amended shall take effect January 30, 1952.

#### PART 204—DANGER ZONE REGULATIONS

##### ATLANTIC OCEAN EAST OF NEW RIVER INLET, N. C.

Pursuant to the provisions of Chapter XIX of the Army Appropriations Act of July 9, 1918 (40 Stat. 892; 33 U. S. C. 3), § 204.56 governing the use of Marine Corps firing ranges in New River, North Carolina, and vicinity is hereby amended by modifying the limits of the Atlantic Ocean sector east of New River Inlet, extending the restricted area along the beach so that several units can conduct practice firing at the same time, revising the regulations at the request of fishing interests to provide that, insofar as training requirements will permit, underwater explosions will be restricted in this sector during the periods May 1 to June 5 and November 22 to December 15, that towers will be erected at the northeast and southwest limits for the display of red flags or lights when firing is to take place, and that suitable range markers will be erected indicating the bearings of the north and west limits, and specifying the Commanding General, Marine Barracks, Camp Lejeune, North Carolina, as the enforcing agency, as follows:

§ 204.56 *New River, N. C., and vicinity; Marine Corps firing ranges—*(a) *Atlantic Ocean east of New River Inlet.* The water of the Atlantic Ocean within a sector bounded on the north by a line bearing 85° from latitude 34°35'35", longitude 77°13'54"; on the east and south by the arc of a circle having a radius of 25,000 yards centered at latitude 34°34'15", longitude 77°16'10"; on the west by a line bearing 205° from latitude 34°32'37", longitude 77°18'34"; and on the northwest by a shore.

NOTE: All bearings in this section referred to are true meridian.

(c) *The regulations.* \* \* \*

(2) Firing will take place both day and night at irregular periods throughout the year. Insofar as training requirements will permit, underwater explosions will be restricted in the Atlantic Ocean sector (described in paragraph (a) of this section) during the periods May 1 to June 5, inclusive, and November 22 to December 15, inclusive.

(3) Two days in advance of the day when firing in any sector except the Stone Creek sector is scheduled to begin, the enforcing agency will warn the public of the contemplated firing, stating the sector or sectors to be closed, through the public press and the United

States Coast Guard and, in the case of the Atlantic Ocean sector, the Cape Fear Pilots Association at Southport, and the Pilots Association at Morehead City, North Carolina. The Stone Creek sector may be closed without advance notice.

(4) Towers at least 50 feet in height will be erected near the shore at the northeast and southwest limits of the Atlantic Ocean sector, and the towers at least 25 feet in height will be erected near the easterly shore at the upper and lower limits of each New River sector. On days when firing is to take place a red flag will be displayed on each of the towers marking the sector or sectors to be closed. These flags will be displayed by 8:00 a. m., and will be removed when firing ceases for the day. Suitable range markers will be erected indicating the bearings of the north and west limits of the Atlantic Ocean sector.

(5) During night firing red lights will be displayed on the towers, and in the case of the Atlantic Ocean sector searchlights will be employed as barrier lights to enable safety observers to detect vessels which may attempt to enter the danger zone.

(6) The regulations in this section shall be enforced by the Commanding General, Marine Barracks, Camp Lejeune, North Carolina, and such agencies as he may designate.

However, no transfer by such a decedent if made prior to the period of three years ending with his death is considered to have been made in contemplation of death.

If the executor contends that the value of property transferred by the decedent within three years of his death should not be included in the gross estate because he considers that such transfer was not made in contemplation of death, he should file sworn statements with the return, in duplicate, of all the material facts and circumstances, including those directly or indirectly indicating the decedent's motive in making the transfer and his mental and physical condition at that time, and one copy of the death certificate. As used in this subsection, the term 'reversionary interest' includes a possibility that the policy, or the proceeds of the policy, (A) may return to the decedent or his estate, or (B) may be subject to a power of disposition by him. The value of a reversionary interest at any time shall be determined (without regard to the fact of the decedent's death) by usual methods of valuation, including the use of tables of mortality and actuarial principles, pursuant to regulations prescribed by the Secretary. In determining the value of a possibility that the policy or proceeds thereof may be subject to a power of disposition by the decedent, such possibility shall be valued as if it were a possibility that such policy or proceeds may return to the decedent or his estate."

(b) *No interest on refunds.* No interest shall be allowed or paid on any overpayment resulting from the application of subsection (a) with respect to any payment made prior to the date of the enactment of this act.

#### HANDLING OF MILK IN THE COLUMBUS, OHIO, MARKETING AREA

#### NOTICE OF HEARING ON PROPOSED AMENDMENTS TO THE TENTATIVE MARKETING AGREEMENT AND TO THE ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be conducted at the Virginia Hotel, North Third and Gay Streets, Columbus, Ohio, beginning at 10:00 a. m., e. s. t., on February 4, 1952, for the purpose of receiving evidence with respect to the following proposed amendments, or appropriate modifications thereof, to the order, as amended, regulating the handling of milk in the Columbus, Ohio, marketing area (7 CFR Part 974). These amendments have not been approved by the Secretary of Agriculture.

Proposed by The Central Ohio Cooperative Milk Producers Association, Inc.:  
1. Insert a new paragraph in § 974.31 to be known as § 974.31 (c) as follows:

(c) Report of market administrator to cooperative association on or before the 10th day after the end of each month. The market administrator shall report to the cooperative association the amount and class utilization of milk caused to be delivered by such an association, either directly or from producers specified under § 974.79 to each handler to whom the cooperative association sells milk. For the purpose of this report, the milk so received shall be prorated to each class in the proportions that the total receipts of milk from producers by such handlers were used in each class.

2. Amend § 974.41 (a) to read as follows:

(a) Class I milk shall be all skim milk and butterfat (1) disposed of (except that which has been dumped or disposed of for livestock feeding) as milk, skim milk, buttermilk, or flavored milk or flavored milk drinks; (2) used to produce concentrated milk disposed of for fluid consumption; and (3) not specifically accounted for under subparagraphs (1) and (2) of this paragraph or as Class II milk or Class III milk.

3. Amend § 974.51 (a) to read as follows:

(a) The price of Class I milk shall be the basic formula price plus \$0.85 for the months of April through July and \$1.10 for the months of August through March, plus or minus, "a supply-demand adjustment" computed as follows:

(1) Divide the total gross volume of Class I milk plus the pounds of reclassified milk (reclassified from a lower class to Class I by the market administrator pursuant to § 974.42 (b)) in Class I during the month in which said reclassification is made (less interhandler transfers) in the first and second months preceding by total receipts of producer milk for the same months, multiply the result by 100, and round to the nearest whole number. The result will be known as the Class I utilization percentage.

(2) Compute a net deviation percentage by subtracting from the utilization percentage as computed in subparagraph (1) of this paragraph the Class I utilization percentage shown below:

Month for which the price is being computed	Month used to compute ratio	Class I utilization percentage
January.....	November 1949-December 1949.	81
February.....	December 1949-January 1950.	80
March.....	January 1950-February 1950.	79
August.....	June 1949-July 1949.	60
September.....	August 1949-September 1949.	63
October.....	September 1949-October 1949.	70
November.....	October 1949-November 1949.	70
December.....	November 1949-December 1949.	81

(3) Determine the amount of the supply-demand adjustment as follows:

If net deviation percentage is—	Supply-demand adjustment for specified months is—	
	Jan., Feb., Mar., Aug., Sept.	Oct., Nov., Dec.
+15 or over.....	+68	+72
+12 or +13.....	+48	+60
+9 or +10.....	+38	+48
+6 or +7.....	+30	+36
+3 or +4.....	+20	+24
+1 or -1.....	0	0
-3 or -4.....	-20	-17
-6 or -7.....	-30	-23
-9 or -10.....	-38	-29
-12 or -13.....	-48	-36
-15 or -16.....	-48	-41
-18 or -19.....	-48	-47
-21 or -22.....	-48	-53
-24 or under.....	-48	-60

When the difference from the base period Class I utilization percentage does not fall within the tabulated brackets the adjustment shall be determined by the adjacent bracket which is the same as or nearest to the bracket used in the previous month: *Provided*, That if in the first month this provision is in effect the difference from the base period Class I utilization percentage does not fall within the tabulated brackets the adjustment shall be the same as if the provision had been in effect the previous month, and the Class I price for each of the months of November, December, January, and February shall not be less than the arithmetical average Class I price for the two immediately preceding months: *And provided further*, That the Class I price

for each of the months of April, May, and June shall not be higher than the arithmetical average of the prices computed for such class pursuant to this paragraph for the two months immediately preceding.

4. In § 974.51 add paragraph (e) which shall read as follows:

(e) The Class I price for the months of April, May, June, and July shall be the same as the adjusted Class I price (including any premiums paid during said month) for the immediately preceding month of March, and the difference between such Class I price and the Class I price as determined by paragraph (a) of this section shall be placed in the producers' settlement fund to be distributed as follows:

On or before the 15th day after the end of each of the delivery periods of November, December, and January, next following the months of April, May, June, and July, there shall be paid out of said fund an amount computed as follows: Divide  $\frac{1}{2}$  of the aggregate amount held in said fund by the hundredweight of the producers' milk delivered during the delivery period involved (November, December, or January as above) and apply the resulting amount (computed to the nearest first cent per hundredweight) to the milk of each producer for such delivery period: *Provided*, That payment under this paragraph due any producer who is a member of a cooperative association shall be paid to such cooperative association and the payment to non-members shall be paid by the market administrator to said non-members and shall be distributed by the association according to the above plan and money belonging to non-members shall be distributed by the market administrator according to the above plan.

5. Add a new paragraph to § 974.31 to be known as § 974.31 (c) to read as follows:

(c) Each handler shall report to the market administrator the diversion of any producer milk from said handler's plant to any other plant at least by 12:00 noon in the day previous of any such diversion, and the market administrator shall immediately notify any association of producers of said diversion.

6. Add a new paragraph to § 974.54 to be known as § 974.54 (b) to read as follows:

(b) *Handlers subject to other orders.* In the case of any handler (as defined in this subpart) who the Secretary determines disposes of a greater portion of his milk as Class I and Class II milk in another marketing area regulated by another milk marketing agreement or order issued pursuant to the act, the provisions of this subpart shall not apply except as follows:

(1) The handler shall with respect to his total receipts and utilization of milk, make reports to the market administrator at such time and in such manner as the market administrator may require

and shall allow verification of such reports;

(2) If the price which such handler is required to pay under the other Federal order to which he is subject for milk which would be classified as Class I milk or Class II milk under this subpart is less than the price provided by this subpart, such handler shall pay to the market administrator, for deposit in the producer-settlement fund, with respect to all milk disposed of (except to other handlers) as Class I milk or Class II milk within the marketing area, an amount equal to the difference between the value of such milk as computed pursuant to this subpart and its value as determined pursuant to the other subpart to which he is subject.

7. Amend § 974.52 (a) to read as follows:

(a) The price for Class II milk shall be the price for Class I milk minus \$0.40.

8. Delete from § 974.60 in paragraph (g) the last provision reading as follows: "*And provided also, That such handler shall be credited with the difference between the Class II and Class III prices . . . is not produced under permits or specified in § 974.7.*"

Proposed by 17 handlers:

9. Amend § 974.30 to change the date on or before which handlers must file reports from the 5th to the 7th day after the end of each month.

10. Amend § 974.40 by adding a new paragraph which shall read as follows:

A handler may claim, for classification purposes pursuant to § 974.41, butterfat in skim milk disposed of to others or used in the manufacture of milk products by including the butterfat content of such skim milk in his report for the delivery period filed pursuant to § 974.30. In the event that a handler who desires to have butterfat in skim milk accounted for and classified, does not have adequate records of the butterfat content of such skim milk, the butterfat content per hundredweight of such skim milk shall be deemed to be 0.085. If a handler desires to discontinue accounting for butterfat in skim milk, or after discontinuing the accounting therefor desires to again account for the same, he may do so by notifying the market administrator in writing at least 30 days prior to the first day of the delivery period during which such change shall become effective.

Copies of this notice of hearing and of the aforesaid tentative marketing agreement and order may be procured from the market administrator, Room 41, Old Federal Building, State and Third Streets, Columbus 15, Ohio, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be inspected there.

Dated: January 29, 1952.

## FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 25]

[Docket No. 10090]

### PREPARATION AND FILING OF ANNUAL PATENT REPORTS

#### SECOND SUPPLEMENTARY NOTICE OF PROPOSED RULE MAKING

In the matter of promulgation of rules governing the preparation and filing of annual patent reports; Docket No. 10090.

1. On November 29, 1951, the Commission released its notice of proposed rule making in the above proceeding. The rule proposed was made an appendix to the notice, and said proposed rule was designated for reference as § 25.1 of the Commission's rules and regulations. The notice specified that comments respecting the rule proposed must be filed on or before January 5, 1952.

2. On January 3, 1952, the Commission extended the time for filing comments from January 5 to January 31, 1952. This was in response to the receipt of a large number of letters and telegrams requesting such an extension. It appears from many comments filed to date that the purposes for requiring the material called for by the proposed rule, are not clearly understood. This notice is issued in an effort to clarify these matters.

3. The proposed rule applies only to a "person"—meaning "an individual, partnership, association, joint-stock company, trust, or corporation"—who owns, or a person who holds the right to sublicense, one or more U. S. patents which are being used in systems or equipment employed for rendering one or more of the communication services specified in paragraph (a) of the rule and who in addition is rendering a part of or all of said services, or controls, or is controlled by such a person.

4. The notice states that "the proposed rule is issued under the authority of sections 4 (l), 218, 303 (e), 303 (g), 311, 313, and 602 (d) of the Communications Act of 1934, as amended." Section 4 (l) empowers the Commission to make rules and regulations as may be necessary for the execution of its functions or duties; section 218 specifies that the Commission "shall keep itself informed . . . as to technical developments and improvements in wire and radio communication and radio transmission of energy to the end that the benefits of new inventions and developments may be made available to the people of the United States;" section 303 (e) specifies that the Commission shall "Regulate the kind of apparatus to be used with respect to its external effects and the purity and sharpness of the emissions from each station and from the apparatus therein"; section 303 (g) specifies that the Commission shall "Study new uses for radio, provide for experimental uses of frequencies, and generally encourage the larger and more effective use of radio in the public interest"; and sections 311, 313 and 602 (d) pertain to functions of the Commission respecting the anti-trust laws.

5. In specifying the foregoing provisions of the Communications Act, the Commission intended thereby to point out that the patent information which would be required to be filed under the proposed rule would be used to assist the Commission in keeping abreast of technical developments and improvements in the wire and radio communication fields with reference to the prescription of technical standards and the determination of what experimental or new radio services, if any, may be desirable. In addition, such information would be pertinent to inquiry by the Commission into the question of whether licensees of the Commission or other person subject to its jurisdiction are engaged in practices relating to patents which may be in violation of the anti-trust or other laws as a basis for ascertaining what action, if any, may be appropriate in Commission licensing proceedings relating to the qualifications of licensees or whether such matters should be referred to other Federal agencies for such action as they may deem appropriate.

Adopted: January 16, 1952.

Released: January 17, 1952.

## INTERSTATE COMMERCE COMMISSION

[49 CFR Part 165a]

### ADOPTION OF INTERPRETATIVE RULES RELATING TO MOTOR-CARRIER OPERATIONS INVOLVING TRAVERSAL STATES

#### NOTICE OF PROPOSED RULE MAKING

JANUARY 25, 1952.

Many certificates and permits have been issued by this Commission to motor carriers authorizing operations over irregular routes which necessitate that the carriers, in performing their authorized services, pass through States other than those in which they are authorized to receive or discharge passengers or freight. In some instances such certificates and permits contain the names of all States through which the carriers operate for convenience only, often referred to as "traversal States"; in other instances the names of some but not all of the "traversal States" are indicated; and in still other instances no "traversal States" are named, in which case the carriers are presumed to have a right to operate, for convenience only, through any State which affords a reasonably direct or logical route between the points authorized to be served.

For the purpose of clarifying the situation described in the preceding paragraph as relates to certificates and permits heretofore issued, and of establishing a policy to effect uniformity in the future concerning such matter, notice is hereby given, pursuant to the Interstate Commerce Act (49 U. S. C. 301 et seq.) and section 4 (a) of the Administrative Procedure Act (60 Stat. 237, 5

U. S. C. 1003), of proposal to adopt interpretative rules relating to the naming of "traversal States" in certificates and permits issued to motor carriers by this Commission. The proposed rules are:

§ 165a.1 *Interpretation of outstanding certificates and permits.* All certificates and permits heretofore issued to motor carriers authorizing operations over irregular routes which necessitate that the carriers, in performing their authorized services, pass through States other than those in which they are authorized to receive or discharge passengers or freight, are interpreted as follows:

(a) *Where no "traversal States" are named.* Carriers may operate through any State which affords a reasonably direct or logical route between the points authorized to be served.

(b) *Where "traversal States" are named.* Whether all or only a portion of such States are named, the carriers may operate not only through the "traversal States" named but also through any other State or States which afford a reasonably direct or logical route between the points authorized to be served, unless the language clearly and unmistakably shows that "traversal States" were named as a specific restriction or prohibition against operating in any State other than those specified.

§ 165a.2 *Policy to be observed in the future.* On and after the effective date of these rules "traversal States" will not be named in a certificate or permit except when the record discloses that such should be done as a definite restriction and on a showing of public convenience and necessity, in the case of a common carrier, or consistency with the public interest and the national transportation policy, in the case of a contract carrier; otherwise, operations may be performed as indicated in 1 (a) above.

§ 165a.3 *Designation of process agents.* When, pursuant to the above, a carrier operates through States not named in its certificate or permit, it should designate process agents for such States, as required by section 221 (c) of the Interstate Commerce Act, and should comply with the provisions of Rule VIII of the Commission's insurance regulations regarding the filing of insurance by a company licensed to do business in such States (49 CFR 174.8).

No oral hearing is contemplated in this matter, but anyone wishing to make representations in favor of or against the proposed rules may do so through the submission of written data, views, or arguments. The original and five copies of such submission shall be filed with the Commission on or before March 25, 1952.

Notice to the general public shall be given by depositing a copy in the Office of the Secretary of the Commission for public inspection and by filing a copy with the Director, Division of the Federal Register.

By the Commission, Division 5.

[SEAL] W. P. BARTEL,  
Secretary.

### FEES AND CHARGES BY THE COMMISSION

#### NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Securities and Exchange Commission proposes to adopt new rules and to amend existing rules with respect to fees and charges by the Commission, all as set forth below, to implement the provisions of Title V of the Independent Offices Appropriation Act, 1952. That act authorizes Federal agencies to prescribe fees and charges and states in part:

It is the sense of the Congress that any work, service, publication, report, document, benefit, privilege, authority, use, franchise, license, permit, certificate, registration, or similar thing of value or utility performed, furnished, provided, granted, prepared, or issued by any Federal agency . . . to or for any person (including groups, associations, organizations, partnerships, corporations, or businesses), except those engaged in the transaction of official business of the Government, shall be self-sustaining to the full extent possible. . . .

The only charges presently made in connection with Commission functions, other than charges for copies of documents, have been: (1) The registration fee specified in section 6 (b) of the Securities Act of 1933; (2) the annual registration fee for national securities exchanges specified in section 31 of the Securities Exchange Act of 1934; and (3) the filing fee specified in section 307 (b) of the Trust Indenture Act of 1939 for trust indentures relating to securities not required to be registered under the Securities Act of 1933.

The proposed rules, with certain qualifications noted therein, would impose the following new fees and charges:

(1) Letters of notification and other exemptive filings under section 3 (b) of the Securities Act—\$25 per offering.

(2) Qualification of trust indentures covering securities required to be registered under the Securities Act—\$100 per indenture.

(3) Annual registration fee payable by investment companies—ranging from a minimum of \$30 for companies having gross assets of \$300,000 or less to a maximum of \$2,500 for companies having gross assets in excess of \$200,000,000.

(4) Annual registration fee payable by brokers and dealers—\$50 plus \$10 for each officer, partner, employee, etc., engaged in selling securities or supervising such activity.

(5) Annual registration fee payable by investment advisers—\$50.

(6) Annual registration fee payable by public utility holding companies—1/200ths of 1 percent of the assets of the system with a maximum of \$25,000 and a minimum of \$500.

(7) Annual fee for certain conditionally exempt public utility holding companies—1/200ths of 1 percent of the system assets with a maximum of \$600.

In addition, the proposed rules would increase the present fee for photo-duplications of 7 to 10 cents per page to a

minimum of 15 cents per page, and a charge of one dollar would be made for each certification.

It is proposed that no registration fee provided by these rules shall be payable by any registrant whose registration ceases to be effective prior to the effective date of the proposed rules or amendments, which is presently contemplated to be March 31, 1952.

All interested persons may submit data, views, and comments in writing to the Securities and Exchange Commission at its main office, 425 Second Street NW., Washington 25, D. C., on or before February 20, 1952.

§ 270.8a-2 *Registration fees.* (a) Each investment company which is registered under the act shall pay to the Commission an annual registration fee except for the calendar year in which it files its notification of registration. The payment shall be accompanied by a statement showing the value of the total assets used as a basis for computing the fee.

(c) If the registration fee of any company is not paid on or before the date specified in paragraph (b) of this section, the Commission may order the registration of such company suspended or terminated for that reason.

Proposed fees for registered broker-dealers (Part 240):

The following section (Rule X-15B-7) is proposed to be added to the rules and regulations under the Securities Exchange Act of 1934, pursuant to Title V of the Independent Offices Appropriation Act, 1952, and sections 15 (b) and 23 (a) of the Securities Exchange Act of 1934:

§ 240.15b-7 *Registration and filing fees for brokers and dealers.* (a) Each broker or dealer registered with this Commission shall pay a registration fee

If the registration fee has not been paid by these dates the registration shall thereupon terminate, unless proceedings to revoke the registration or to impose terms and conditions upon withdrawal of the registration are pending.

(c) Applications for registration as a broker or dealer, except successor applications under paragraph (a) (2) of this section, shall not be accepted for filing unless the application is accompanied by a filing fee of \$50 which, if registration becomes effective, shall be in lieu of a registration fee for the calendar year in which such registration becomes effective.

(d) All payments of fees shall be made to the Commission at Washington, D. C., and shall be made in cash or by money order or check payable to the Securities and Exchange Commission, without indicating the name or title of any official of the Commission.

Proposed fees for registered investment advisers (Part 275):

§ 275.203-4 *Registration and filing fees for investment advisers.* (a) Each investment adviser registered with this Commission shall pay a registration fee of \$50 for each calendar year or part thereof during which such investment adviser is registered, except that no registration fee shall be due or payable by an investment adviser in the calendar year in which he becomes the successor of a registered investment adviser who has paid all fees due hereunder. For the

purpose of this section the term "successor" means a person who acquires substantially all of the assets and personnel of an investment adviser and continues his business.

(b) The registration fee due for the calendar year 1952 shall be paid on or before June 1, 1952; the registration fee for each calendar year thereafter shall be paid on or before March 31 of such year. If the registration fee has not been paid by these dates the registration shall thereupon terminate, unless proceedings to revoke or suspend the registration or to impose terms and conditions upon withdrawal of the registration are pending.

(c) Applications for registration as an investment adviser, except applications of successors as defined in paragraph (a) of this section, shall not be accepted for filing unless the application is accompanied by a filing fee of \$50 which, if registration becomes effective, shall be in lieu of a registration fee for the calendar year in which such registration becomes effective.

(d) All payments of fees shall be made to the Commission at Washington, D. C., and shall be made in cash or by money order or check payable to the Securities and Exchange Commission, without indicating the name or title of any official of the Commission.

Proposed fees for registered public utility holding companies (Part 250):

The following section (Rule U-13) is proposed to be added to the rules and regulations under the Public Utility Holding Company Act of 1935, pursuant to Title V of the Independent Offices Appropriation Act, 1952, and sections 3, 5, 20 (a), and 20, (c) of the Public Utility Holding Company Act of 1935:

§ 250.13 *Annual fees of registered holding companies and certain exempt holding companies*—(a) *Registered holding companies*—(1) *Annual fee*. On or before the first day of May in each year, or within 90 days after becoming a registered holding company, whichever is later, every registered holding company shall pay an annual registration fee for that calendar year of one two-hundredths of one percent of an amount determined in accordance with subparagraph (2) of this paragraph except that the fee payable by any registered holding company shall in no instance be greater than \$25,000 or less than \$500 and the total fees payable by all registered holding companies in a single holding company system shall not exceed \$25,000. Any holding company registering as such on or after October 1 of the calendar year shall be exempt from the payment of the fee provided by this paragraph for the calendar year.

(2) *Basis of the fee*. (i) The basis of the fee for each registered holding company shall be the aggregate of the assets and other debits, as shown on the corporate balance sheets, of the registered holding company and each of its subsidiary companies, as of the last day of the preceding year, but not including:

(a) The assets and other debits of any subsidiary company thereof which is itself a registered holding company required to pay a fee, and of the subsidiaries thereof; and

(b) The amounts representing investments of the registered holding company in its subsidiary companies and the amounts representing investments of each such subsidiary company, not excluded by subdivision (a) of this subparagraph, in any associate company. For the purpose of this computation, investments shall include all investment securities and advances, notes receivable, accounts receivable, interest receivable, and dividends receivable, per books.

(ii) When the outstanding voting securities of a subsidiary company are owned by two or more registered holding companies, excluding registered holding companies excepted by subparagraph (4) of this paragraph, the aggregate assets and other debits of such company shall be apportioned among such registered holding companies, for the purpose of this computation, in the ratio that the voting securities owned by each registered holding company subject to this section bears to the total voting securities owned by all such registered holding companies subject to this section.

(3) *Allocation of maximum fee*. When the computation of separate fees of two or more registered holding companies in a single holding company system shall aggregate more than \$25,000, each such registered holding company shall pay that percentage of the maximum fee of \$25,000 which its separate fee (limited to \$25,000) bears to the aggregate of the separate fees of all registered holding companies in the system.

(4) *Exception*. Any registered holding company which is exempt from all of the provisions of the act other than section 9 (a) (2) shall be excepted from the provisions of paragraph (a) of this section: *Provided, however*, If the exemption of any such registered holding company is terminated before October 1 of any calendar year such company shall pay a registration fee for that calendar year, less any fee previously paid as an exempt holding company for the same year.

(b) *Certain exempt holding companies*—(1) *Annual fee*. On or before the first day of May in each year, or within 90 days after becoming an exempt holding company, whichever is later, every holding company which is exempt from all of the provisions of the act other than section 9 (a) (2), and which, as a condition to its exemption, is required to file an annual report or statement with the Commission pursuant to an order under section 3 of the act or under the provisions of §§ 250.2 (a) or 250.9 shall pay an annual fee for the calendar year of one two-hundredths of one percent of an amount determined in accordance with subparagraph (2) of this paragraph except that the fee payable by any exempt holding company shall in no instance be greater than \$500. Any company becoming an exempt holding company on or after October 1 of the calendar year or any company which has paid a fee as a registered holding company for that calendar year shall be exempt from the payment of the fee provided by this paragraph for that calendar year.

(2) *Basis of the fee*. The basis of the fee for each exempt holding company

shall be the aggregate of the assets and other debits, as shown on the corporate balance sheets, of the holding company and each of its subsidiary companies, as of the last day of the preceding year, but not including the amounts representing investments of the holding company in its subsidiary companies and the amounts representing investments of each such subsidiary company in any associate company. For the purpose of this computation, investments shall include all investment securities and advances, notes receivable, accounts receivable, interest receivable and dividends receivable, per books.

(c) *Form of payment*. All payments of fees shall be made in cash, or by money order or check payable to the Securities and Exchange Commission, without indicating the name or title of any official of the Commission. The payment shall be accompanied by a statement showing the details of the fee computation.

(d) *Definitions*. Any definition of a term contained in the Public Utility Holding Company Act of 1935 shall be applicable to such term as used in this section.

Proposed fees for duplications and certifications (Parts 201, 230, and 260):

The following amendments to the rules of practice of the Commission and to the rules and regulations under the Securities Act of 1933 are proposed pursuant to Title V of the Independent Offices Appropriation Act, 1952, and pursuant to sections 6 (d) and 19 (a) of the Securities Act of 1933, 23 (a) and 24 (b) of the Securities Exchange Act of 1934, sections 20 (a) and 22 (a) of the Public Utility Holding Company Act of 1935, sections 38 (a) and 45 (b) of the Investment Company Act of 1940, and sections 210 (a) and 211 (a) of the Investment Advisers Act of 1940:

(j) Matters of public record may be inspected in the Public Reference Room at the principal office of the Commission, and such material on file at regional offices of the Commission may be inspected at those offices during regular business hours. Copies of matters of public record will be sold to any person upon payment of 15 cents for each reproduction of an original page not exceeding 8½ x 13 inches, and 15 cents for each additional 8½ x 13 inches or fraction thereof. Documents will be photocopied at a 25 percent reduction in size unless otherwise specified. A charge of \$1.00 in addition to the copying charge will be made for each certificate attesting to the authenticity of copies of Commission records.

2. Repeal § 230.121 (Rule 121) under the Securities Act of 1933 and § 260.7a-38 (Rule T-7A-38) under the Trust Indenture Act of 1939.

## FEDERAL POWER COMMISSION

[Docket No. G-1881]

NORTHERN NATURAL GAS CO.

## ORDER SUSPENDING CHANGES IN RATES AND SERVICES

JANUARY 24, 1952.

On December 26, 1951, Northern Natural Gas Company (Northern) filed with the Commission Third Revised Sheets Nos. 5, 12, 13, and 14 to its FPC

Gas Tariff, First Revised Volume No. 2, and proposed that the Third Revised Sheets Nos. 5, 12 and 13 become effective on January 27, 1952 and the Third Revised Sheet No. 14 become effective on February 27, 1952.

The said Third Revised Sheets Nos. 5, 12, 13 and 14 are filed to supersede Northern's presently effective Second Revised Sheets Nos. 5, 12, 13 and 14 filed on October 27, 1950, and which Second Revised Sheets were filed to supersede First Revised Sheets Nos. 5, 12, 13 and 14, filed on March 27, 1950, to the said FPC Gas Tariff, First Revised Volume No. 2. The said First and Second Revised Sheets Nos. 5, 12, 13 and 14, with other filed tariff sheets, were suspended within the purview of and in accordance with section 4 (e) of the Natural Gas Act by the Commission's orders issued on April 26, 1950, in Docket No. G-1382 and on November 13, 1950, in Docket No. G-1533, respectively, and hearings were held thereon and an initial decision has been rendered by the Presiding Examiner, which decision was served on January 21, 1952. On September 27, 1950, the said First Revised Sheets Nos. 5, 12, 13, and 14 became effective on motion upon furnishing of a bond pursuant to the Commission's order issued October 4, 1950, in Docket No. G-1382, and on April 27, 1951, the Second Revised Sheets Nos. 5, 12, 13 and 14 likewise became effective on motion upon furnishing of a bond pursuant to the Commission's order issued May 9, 1951, in Docket No. G-1533.

The proposed increase filed on December 26, 1951, affects all customers purchasing natural gas under Northern's CD-1 Rate Schedule and the various proposed increases to such customers by this filing and prior suspended filings are as follows:

Per Mcf	Prior to filing of Mar. 27, 1950	Filing of Mar. 27, 1950	Filing of Oct. 27, 1950	Filing of Dec. 26, 1951
Demand charge (monthly basis).....	\$1.25	\$1.21	\$1.37	\$1.67
Commodity charge.....	12.7¢	14.6¢	17¢	20.3 and 22¢

<sup>1</sup> Stated on a daily basis in the rate schedule.

This third rate increase application raises to approximately \$21,000,000 the total increase sought by Northern since March 27, 1950, of which approximately \$10,600,000 is reflected in the present application.

In addition to the change in rate level, Northern also proposes to continue in effect alleged service classifications which are now an issue in the proceeding in Docket Nos. G-1382 and G-1533, in that it proposes to name separate "so-called" Rate Schedules CD-1, G-1, IND-1 and IND-2, being the Third Revised Sheets Nos. 5, 12, 13 and 14, respectively, in place of a single rate schedule similar to that in effect before the filings which are the subject of the proceeding in Docket Nos. G-1382 and G-1533.

Protests against the said filing of December 26, 1951, have been received from

20 customer companies of Northern, 8 cities, the States of Iowa and Minnesota, and the State Corporation Commission of Kansas.

The rates, charges, classifications, services, rules, regulations and practices as set forth in the Third Revised Sheets Nos. 5, 12, 13 and 14 may be unjust, unreasonable, unduly discriminatory and preferential, and place an undue burden upon the consumers of natural gas.

In addition to the issues usually presented in proceedings under sections 4 and 5 of the Natural Gas Act, the following issues are presented by the filing of the aforesaid Third Revised Sheets Nos. 5, 12, 13 and 14, which issues are also involved in the present proceedings in Docket Nos. G-1382 and G-1533, to wit:

1. Whether the rates and charges for all natural gas sold by Northern and de-

[General Overriding Regulation 10,  
 Special Order 9]

THOMPSON BORSOMA CO., TITUSVILLE,  
 PENNSYLVANIA

CEILING PRICES FOR SALES OF GOLDEN LAX TABLETS AND BORSOMA TABLETS BY MANUFACTURER AND RESELLERS

*Statement of considerations.* Thompson Borsoma Company has applied to the Office of Price Stabilization pursuant to General Overriding Regulation 10 for adjustments of its ceiling prices for the products, Borsoma Tablets and Golden Lax Tablets.

In accordance with section 3 of the regulation, applicant has produced evidence which, in the judgment of the Director, establishes that applicant is eligible for the adjustments requested.

On the basis of the information submitted, it appears that the applicant owns the trade-marks and formulas for these products, and has them made up to its specifications. Applicant then packages the products for consumer use, promotes and advertises them, and distributes them to wholesalers and some retail drug stores. Applicant's present ceiling prices to retail druggists are as follows:

	Per dozen
Golden Lax (30 tablet size).....	\$2.00
Golden Lax (60 tablet size).....	4.00
Borsoma (40 tablet size).....	4.80

all subject to the following terms and discounts to wholesalers: Discounts of 15 percent and 3 percent on orders of six dozen assorted, and discounts of 10 percent and 3 percent on orders of three dozen assorted. It further appears that applicant has suffered an over-all loss in its operations in the nine month period ending September 30, 1951; that the loss is attributable to the level of its existing ceiling prices for Golden Lax and Borsoma tablets; that the adjusted ceiling prices specified below, for which it has applied, will not be substantially out of line with the ceiling prices established for other sellers of similar commodities, and that if such adjusted prices are charged, its operations would not exceed a break-even position.

In the judgment of the Director, adjustment of the ceiling prices of resellers of Golden Lax and Borsoma tablets is necessary, corresponding to the adjustments in applicant's ceiling prices established herein and this order therefore permits resellers to adjust their ceiling prices for these products established under the General Ceiling Price Regulation by the same percentage increases as allowed the applicant.

Paragraph 4 of this order requires financial reports to be submitted by applicant on or before February 15th and May 15, 1952. Paragraph 6 requires the applicant to supply a copy of this Special Order to each reseller to whom applicant sells Golden Lax and Borsoma tablets.

*Special provisions.* For the reasons set forth in the Statement of Considerations and pursuant to sections 4 and 5 of General Overriding Regulation 10, this Special Order is hereby issued.

(1) The ceiling prices of Thompson Borsoma Company for the sale of Golden Lax and Borsoma tablets to retail druggists shall be as follows:

	Per dozen
Golden Lax (30 tablet size).....	\$3.20
Golden Lax (60 tablet size).....	6.00
Borsoma (40 tablet size).....	6.80

subject to the following terms and discounts to wholesalers: discounts of 15 percent and 3 percent on orders of six dozen assorted, and discounts of 10 percent and 3 percent on orders of three dozen assorted.

(2) Wholesalers, retailers and any other resellers of Golden Lax and Borsoma tablets, may adjust their ceiling prices for these products determined under the General Ceiling Price Regulation by multiplying such ceiling prices in the case of Golden Lax, 30 tablet size; Golden Lax, 60 tablet size; and Borsoma, 40 tablet size; by 1.60, 1.50 and 1.40, respectively.

(3) This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

(4) On or before February 15, 1952, Thompson Borsoma Company shall file with the Director of Price Stabilization, Washington 25, D. C., a profit and loss statement of its over-all operations for 1951, specifying the quantity and prices of Golden Lax and Borsoma tablets sold to various classes of purchasers. Applicant shall, on or before

May 15, 1952, file a similar report for the first quarter of 1952.

(5) The ceiling prices established by this order are applicable to sales by Golden Lax and Borsoma tablets by the applicant or resellers in the 48 States of the United States and in the District of Columbia.

(6) Thompson Borsoma Company shall deliver a copy of this special order to each reseller to whom it sells Golden Lax or Borsoma tablets, such delivery to be made in each case with or prior to the first delivery of either product to the resellers after the effective date of this order.

*Effective date.* This special order shall become effective January 24, 1952.

 Director of Price Stabilization.

 Special Order No. 10]

GINO PILL CO., INC., BUFFALO, NEW YORK  
 ADJUSTMENT OF CEILING PRICES FOR SALES OF GINO PILLS BY MANUFACTURER AND RESELLERS

*Statement of considerations.* Gino Pill Company, Inc., has applied to the Office of Price Stabilization pursuant to General Overriding Regulation 10 for an adjustment of its ceiling prices for its product, Gino Pills.

Applicant has submitted the information required by section 3 of the regula-

tion and has produced evidence which in the judgment of the Director establishes that applicant is eligible for the adjustment requested.

On the basis of the information submitted, it appears that the applicant owns the brand name "Gino Pills" and sells the product to various classes of purchasers at the following ceiling prices: 45 pills, 60 cents per bottle; 95 pills, \$1 per bottle, subject to a discount of 33½ percent to retail druggists, plus an additional discount of 16½ percent to wholesale and chain drug companies, and in each case, 1 percent cash 10 days. It further appears that applicant has been operating at a loss, that the loss is attributable to the level of its existing ceiling prices for Gino Pills, that the adjusted ceiling prices specified below, for which he has applied, will not be out of line with the ceiling prices established for other sellers of similar commodities, and that if such adjusted prices are charged, applicant's operations will not exceed a break-even position.

In the judgment of the Director, adjustment in the ceiling prices of resellers of Gino Pills is necessary, corresponding to the adjustment in applicant's ceiling prices granted herein, and this order therefore permits resellers to increase by 25 percent their ceiling prices for Gino Pills established under the General Ceiling Price Regulation.

Paragraph 4 of this order requires financial reports for the last six months of 1951 and the first three months of 1952 to be submitted by applicant on or before February 15, 1952 and May 15, 1952, respectively. Paragraph 6 requires the applicant to supply a copy of this special order to each reseller to whom applicant sells Gino Pills.

**Special provisions.** For the reasons set forth in the Statement of Considerations, and pursuant to sections 4 and 5 of General Overriding Regulation 10, this special order is hereby issued.

1. The ceiling prices of Gino Pill Company, Inc., for Gino Pills shall be 75 cents per bottle of 45 pills and \$1.25 per bottle of 95 pills, subject to the following terms: A discount of 33½ percent to retail druggists plus an additional 16½ percent discount to wholesale and chain drug companies, and to all purchasers, terms of 1 percent cash, 10 days.

2. Wholesalers, retailers, and any other resellers of Gino Pills may adjust their ceiling prices for Gino Pills established under the General Ceiling Price Regulation by multiplying such ceiling prices by 1.25.

3. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

4. On or before February 15, 1952, Gino Pill Company, Inc., shall file with the Director of Price Stabilization, Washington 25, D. C., a profit and loss statement for its operations in the last 6 months of 1951, specifying the quantity and prices of Gino Pills sold to various classes of purchasers. Applicant shall file a similar report for the first 3 months of 1952, on or before May 15, 1952.

5. The ceiling prices established by this special order are applicable to sales of Gino Pills by the manufacturer or resellers in the 48 States of the United

States and in the District of Columbia.

6. Gino Pill Company, Inc., shall deliver a copy of this special order to each reseller to whom it sells Gino Pills, such delivery to be made in each case with or prior to the first delivery of Gino Pills to the reseller after the effective date of this special order.

**Effective date.** This special order shall become effective January 24, 1952.

A-1 MANUFACTURING CO.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 87 under section 43 of Ceiling Price Regulation 7, issued on June 15, 1951, effective June 26, 1951, established ceiling prices for sales at retail of men's and boy's jackets, slacks and shorts manufactured by A-1 Manufacturing Company, having the brand name "Suppl-Drape Marine Blue Denim". The applicant now requests a change in the brand name to "Suppl-Drape Faded Blue Denim". This amendment, therefore, changes the brand name to "Suppl-Drape Faded Blue Denim" in the special order.

Amendatory provisions. Special Order 67 under Ceiling Price Regulation 7, section 43 is amended in the following respects:

1. In paragraph 1, delete the brand name "Suppl-drape Marine Blue Denims" and substitute therefor the brand name "Suppl-Drape Faded Blue Denim".

and described in the manufacturer's application dated April 3, 1951, as corrected by its amended application dated November 13, 1951.

CENTRAL COMMERCIAL INDUSTRIES, INC.  
CEILING PRICES AT RETAIL

**Statement of considerations.** Special Order 185 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of an electronic organ and accessories manufactured by Central Commercial Industries, Inc.

This amendment establishes a retail ceiling price for a new accessory foot pedal manufactured by Central Commercial Industries, Inc. The article is sold to retailers at \$57.69 per unit, and the retail ceiling price established for sales at retail of the article is \$79.50. It appears that this cost-price relationship conforms with the historical selling practice of the manufacturer. The retail ceiling price is established by incorporating into the special order the manufacturer's amended application dated October 31, 1951.

**Amendatory provisions.** Special Order 185 under section 43 of Ceiling Price Regulation 7 is amended in the following respects:

1. In paragraph 1, after the words "in its application dated May 4, 1951," insert the words "as supplemented and amended by its application dated October 31, 1951."

CEILING PRICES AT RETAIL

**Statement of considerations.** This amendment to Special Order 513 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 1 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

This amendment also amends the title of the special order to delete an inaccurate reference to establishment of ceiling prices at wholesale.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

**Amendatory provisions.** Special Order 513 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of irons, steam irons, steam ironing attachments and toasters manufactured or distributed by General Mills, Inc., having the brand name "Betty Crocker" and described in the manufacturer's application dated May 23, 1951, and supplemented and amended by the manufacturer's application dated August 23, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

**Statement of considerations.** Special Order 517 under section 43 of Ceiling Price Regulation 7, issued on August 20, 1951, effective August 21, 1951, established ceiling prices for sales at retail of mattresses and box springs manufactured by Slumber Products Corporation. The applicant requests the addition of the brand name "Master Restonic" to the brand names of mattresses and box springs listed in the special order. The applicant states that this item is identical in quality, workmanship, and price with the brand name "Pli-O-Flex". This amendment, therefore, adds the brand name "Master Restonic" to the brand names included in the special order.

Special Order 751, Amdt. 1]

CROSLEY DIVISION, AVCO MANUFACTURING CORP.

#### CEILING PRICES AT RETAIL

**Statement of considerations.** Special Order 751, issued to the Crosley Division, Avco Manufacturing Corporation on December 3, 1951, effective December 4, 1951, established ceiling prices at retail and wholesale for radios and television receivers having the brand name "Crosley."

The applicant has applied to the Office of Price Stabilization for an amendment to the special order which would limit the operation of the special order to sales at retail. It points out that it was in error in applying for uniform ceiling prices for wholesalers, since there had been no pre-existing uniformity for sales at that level. Therefore, this amendment limits the operation of the special order to sales at retail.

**Amendatory provisions.** Special Order 751, under Ceiling Price Regulation 7, Section 43, is amended in the following respects:

1. Delete the title of the special order and substitute therefor the following: "Crosley Division, Avco Manufacturing Corporation, Ceiling Prices at Retail."

2. In paragraph 1, delete the words "and wholesale," wherever they appear.

3. In paragraph 1, delete the words "or wholesale."

4. In paragraph 3 (a) (4) delete the words "and corresponding wholesale ceiling price."

5. In paragraph 3 (a) (4) delete the following:

Regulation 7, the applicant named in the accompanying special order, Casco Products Corporation, 512 Hancock Ave., Bridgeport 2, Connecticut has applied to the Office of Price Stabilization for maximum resale prices for retail and wholesale sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, or subsequent amendments of this special order.

• Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the pre-ticketing requirements of this paragraph within 60 days after the effective date of the amendment. After 90 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. (3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price and corresponding wholesale ceiling price. The notice shall be in substantially the following form:

[Ceiling Price Regulation 7, Section 43, Special Order 801]

HOLLYDALE POTTERY, INC.

CEILING PRICES AT RETAIL

**Statement of considerations.** In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Holly-

dale Pottery, Inc., 11708 Center Avenue, Hollydale, California, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which, in the judgment of the Director, indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

This special order designed to meet the particular requirements of the dinnerware industry, accomplishes the objective of notifying consumers of the uniform prices fixed under the order. The pre-ticketing method established by this special order is necessary because the articles covered by the special order are characteristically not adaptable to the usual pre-ticketing method.

The special order contains provisions requiring each article on display to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Office of Price Stabilization regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

**Special provisions.** For the reasons set forth in the statement of considerations and pursuant to section 43, of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of pottery dinnerware manufactured by Hollydale Pottery, Inc., 11708 Center Avenue, Hollydale, California, having the brand name "Malibu Modern", shall be the proposed retail ceiling prices listed by Hollydale Pottery, Inc., in its application dated November 2, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 24, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Reg-

ulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this special order.

3. On and after March 24, 1952, Hollydale Pottery, Inc., must furnish each purchaser for resale to whom within two months immediately prior to the effective date the manufacturer had delivered any article covered by paragraph 1 of this special order, with a sign 8 inches wide and 10 inches high, a price book and a supply of tags and stickers. Such a sign, a price book and a supply of tags and stickers shall also be sent, on or before the date of the first delivery of an article covered by paragraph 1 of this special order, subsequent to the effective date of this special order. The Sign must contain the following legend:

The retail ceiling prices for the Hollydale Pottery, Inc., pottery dinnerware have been approved by OPS and are shown in a price book we have available for your inspection.

The price book must contain an accurate description of each article covered by paragraph 1 of this special order and the retail ceiling price fixed for each article. The front cover of the price book must contain the following legend:

The retail ceiling Prices in this Hollydale Pottery, Inc., price book have been approved by OPS under Section 43, CPR 7.

The tags and stickers must be in the following form:

Hollydale Pottery, Inc.  
OPS—Sec. 43—CPR 7.  
Price \$-----

On and after April 23, 1952, no retailer may offer or sell any article covered by this order unless he has the sign described above displayed so that it may be easily seen and a copy of the price book described above available for immediate inspection. Prior to April 23, 1952, unless the retailer has received the sign described above and has it displayed so that it may be easily seen, and a copy of the price book described above available for immediate inspection, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order. In addition, the retailer must affix to each article covered by the order and which is on open display a tag or sticker described above. The tag or sticker must contain the retail ceiling price established by this special order for the article to which it is affixed. This retail ceiling price must be written on the tag or sticker by the retailer.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the manufacturer's application or changes the retail ceiling price of a listed article, the applicant named in this special order must within 30 days after the effective date of the amendment, as to each such article, send an insertion stating the required addition or change for the price book described above.

After 60 days from the effective date of the amendment, no retailer may offer or sell the article, unless he has received the insertion described above and insert-

ed it in the price book. Prior to the expiration of the 60-day period, unless the retailer has received and placed the insertion in the price book, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the manufacturer shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the manufacturer had delivered any article covered in paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Our price to retailers	Retailer's ceilings for articles of cost listed in column 1
\$----- per----- (etc.)	{unit. dozen. Terms {net. percent EOM., {etc. {etc. \$-----

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the manufacturer with the Consumer Goods Distribution, Apparel, and Textile Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the manufacturer shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the manufacturer had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6 month period following the effective date of this special order and within 45 days of the expiration of each successive 6 month period, the manufacturer shall file with the Consumer Goods Distribution, Apparel, and Textile Division, Office of Price Stabilization, Washington, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6 month period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

**Effective date.** This special order shall become effective January 24, 1952.

MICHAELS STERN & Co., INC.

#### CEILING PRICES AT RETAIL

**Statement of consideration.** Special Order 8 under section 43 of Ceiling Price Regulation 7, established ceiling prices for sales at retail of men's clothing manufactured by Michaels, Stern & Co., Inc., having the brand names "Courier Cloth," "Worstasheen," "Granada," and "Kulan."

Thereafter Michaels Stern & Co., Inc., made application to add the "Coronet" line of suits and topcoats, the "Tourcote" line of topcoats and overcoats, and the "Mt. Rock" line of topcoats and overcoats to the operation of the special order. The manufacturer in its application for amendment neglected to state that it did not wish to have ceiling prices at retail established for all the articles in the "Mt. Rock" line.

Therefore, this amendment limits the operation of the special order to the following styles of "Mt. Rock" topcoats and overcoats; "Covert," "Lambak," "Weatherervane," "Gabardine," "Alpacian," "Fleece" and "Cheviot."

The manufacturer also has reduced the terms to retailers on the "Mt. Rock" line in order to reflect its usual discount to retailers. The price to retailers was adjusted to reflect the reduction in terms. The retailers markup on the manufacturers cost of the articles to him was not changed, and the retail ceiling price for the articles was not increased.

Therefore, the Director has determined, on the basis of information available to him that the adjusted terms will result in ceiling prices for the articles in line with those already granted and no higher than the level of ceiling prices under Ceiling Price Regulation 7.

**Amendatory provisions.** Special Order 8 under section 43 of Ceiling Price Regulation 7 is amended in the following respects:

1. In paragraph 1, as amended, delete the phrase "with the exception of the manufacturer's prices for the 'Mt. Rock' line which are subject to terms of 1/10, Net 30."

2. In paragraph 1 after the word "Extra" insert the following: (The "Mt. Rock" line is limited to the style names "Covert," "Lambak," "Weatherervane," "Gabardine," "Alpacian," "Fleece," and "Cheviot.")

**Effective date.** This amendment shall become effective January 25, 1952.

#### CEILING PRICES AT RETAIL

**Statement of considerations.** Special Order 24 under section 43 of Ceiling Price Regulation 7 established ceiling prices for sales at retail of woman's underwear manufactured by the McKay Products Corp., having the brand names "Blue Swan Suspants" and "Blue Swan Minikins."

Thereafter Amendment 1 to Special Order 24 added the complete "Blue Swan" line for which the applicant had a history of uniform pricing. This amendment excludes the "Blue Swan" line, which was added to the coverage of the special order by Amendment 1, and limits the coverage of the special order to "Blue Swan Suspants" and "Blue Swan Minikins."

**Amendatory provisions.** Special Order 24, under Ceiling Price Regulation 7, Section 43, is amended in the following respects:

1. Delete paragraph 1 and substitute therefor the following:

1. The following ceiling prices are established for sales after the effective date of this special order by any seller at retail of woman's underwear manufactured by The McKay Products Corp., 350 Fifth Avenue, New York, N. Special Order 802]

CROTON WATCH CO., INC.

## CEILING PRICES AT RETAIL

**Statement of considerations.** In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Croton Watch Co., Inc., 48 West 48th Street, New York 19, N. Y. (hereafter called wholesaler), has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

**Special provisions.** For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of men's and women's watches sold at wholesale, by Croton Watch Co., Inc., 48 West 48th Street, New York 19, N. Y., having the brand name(s) "Croton" shall be the proposed retail ceiling prices listed by Croton Watch Co., Inc., in its application dated October 17, 1951, and filed with the Office of Price Stabilization, Washington 25, D. C. A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but

in no event later than March 26, 1952, no seller at retail may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by retailers subject to that regulation, having the same selling price and terms of sale to the retailer, the same brand or company name and first sold by the wholesaler after the effective date of this special order.

3. On and after March 26, 1952, Croton Watch Co., Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7  
Price \$ \_\_\_\_\_

On and after April 25, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to April 25, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the wholesaler's application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply, as to each such article, with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. After 60 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60-day period, unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

4. Within 15 days after the effective date of this special order, the wholesaler shall send a copy of this special order to each purchaser for resale to whom, within two months immediately prior to the effective date, the wholesaler had delivered any article covered in Paragraph 1 of this special order. Copies shall also be sent to all other purchasers on or before the date of the first delivery of any such article subsequent to the effective date of this special order, and shall be accompanied by copies of each amendment thereto (if any) issued prior to the date of the delivery. The manufacturer shall annex to the special order a notice, listing the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling price fixed by this special order for an article of that cost. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Price to retailers	Retailer's ceilings for articles of cost listed in column 1
\$_____ per _____	{unit. {net. dozen. {percent EOM. etc. {etc.

Within 15 days after the effective date of this special order, two copies of this notice must also be filed by the wholesaler with the Distribution Price Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C. Within 15 days after the effective date of any subsequent amendment to this special order, the wholesaler shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, the wholesaler had delivered any article the sale of which is affected in any manner by the amendment.

5. Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the wholesaler shall file with the Distribution Price Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

6. The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

7. This special order or any provision thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

8. The provisions of this special order are applicable to the United States and the District of Columbia.

*Effective date.* This special order shall become effective January 26, 1952.

CONTINENTAL VOGUE LUGGAGE CO.

#### CEILING PRICES AT RETAIL

*Statement of considerations.* This is an order establishing uniform retail prices issued upon the basis of an application filed by a supplier under section 43 of CPR 7. This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. This section requires that the articles must customarily have been sold at substantially uniform prices, and the ceiling prices applied for must not raise the general level of prices under CPR 7. The order may, of course, be amended or revoked

if further review shows that the requirements of the regulation have not been fully met.

This special order requires each article to be tagged or marked with the retail ceiling price. The supplier must send to each retailer a copy of this special order, as well as a list of ceiling prices for each article or cost line and notice of all amendments. The order requires the supplier to file certain sales reports with OPS.

Retailers will be concerned with sections 1 through 6 of this special order which contain provisions applying to them. The rest of the order is of interest primarily to the applicant.

*Order.* For the reasons set forth in the statement of considerations and pursuant to section 43 of CPR 7, it is ordered that the following provisions be in effect:

*Provisions for retailers—1. What this order does.* Sections 1 through 6 apply to you and establish uniform ceiling prices if you sell at retail the articles identified below:

Name and address of applicant: Continental Vogue Luggage Company, 585 Howard Street, San Francisco 5, California.

Brand names: "Vogue custom made of California".

Articles: Airplane luggage.

*2. Retail ceiling prices for listed articles.* Your ceiling prices for sales at retail of the articles identified above are the retail prices listed in your supplier's application filed with OPS. These prices will be included in a list which will be annexed to the copy of this order which you will receive from your supplier. The list of ceiling prices will be filed with the Federal Register as an appendix to this special order as soon as practicable. These ceiling prices are effective 10 days after you receive this order and the ceiling price list but in no event later than 60 days after the date this order is issued. You shall not sell above these ceiling prices. You may, of course, sell below these prices.

*3. Retail ceiling prices for unlisted items.* Some or all of the retail ceiling prices in this order are fixed in terms of the cost of the article to you. Whenever you receive one of applicant's branded articles which is in the same category and which has the same net cost as one covered by the list, the ceiling price for such article shall be the same as the ceiling price for the article having that same net cost.

*4. Retail ceiling prices affected by amendment to this order.* This order may be amended from time to time or it may be revoked. If so, the applicant is required to send you a copy of the revocation or amendment, together with any list of changes or additions in retail ceiling prices. The ceiling prices contained in any such amendment become your ceiling prices.

*5. Marking and tagging.* This order requires your supplier to pre-ticket his articles by an early date. The label, tag or ticket must be in the following form:

OPS—Sec. 43—CPR 7  
Price \$ \_\_\_\_\_

After 90 days from the effective date of this order, unless you receive articles marked or tagged in this form, you must so mark or tag them yourself. Before that date you must mark, tag or post your prices in the manner required by the regulation which applies in the absence of this special order.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later than 60 days after the effective date of the amendment.

6. *Applicability.* This special order establishes your ceiling prices for the articles covered by it regardless of whether you would otherwise price the articles under CPR 7 or any other regulation. It applies to sales in the 48 states and the District of Columbia.

*Provisions for the applicant—7. Notification to retailers.* As the manufacturer or wholesaler to whom this special order is issued, you shall do the following:

(a) *Sending order and list to old customers.* Within 15 days after the effective date of this special order, you shall send a copy of this order, together with a copy of the list referred to in section 8 below to each purchaser for resale to whom, within two months immediately prior to the effective date, you had delivered any article covered by this order.

(b) *Notification to new customers.* A copy of this special order and the list shall be sent to all other purchasers for resale on or before the date of the first delivery of any article covered by this order.

(c) *Notification with respect to amendments.* Within 15 days after the effective date of any subsequent amendment to this order, you shall send a copy of the amendment to each purchaser to whom, within two months immediately prior to the effective date of such amendment, you had delivered any article included in such amendment. Within 15 days after any amendment, the amendment shall also be included with the notification to new customers.

(d) *Notification to OPS.* Within 15 days of the effective date of this order, you shall send a copy of the list of prices referred to in section 8 below to the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

8. *Ceiling Price List.* The ceiling price list must be annexed to a copy of the order and shall contain the cost and discount terms to retailers for each article covered by this special order and the corresponding retail ceiling prices fixed by the order. The notice shall be in substantially the following form:

(Column 1)	(Column 2)
Price to retailers	Retailer's ceilings for articles of cost listed in column 1
\$..... per..... dozen. etc.	unit. net. Terms percent EOM. etc.
	\$.....

9. *Pre-ticketing requirements.* As the applicant to whom this special order is issued, you must, within 60 days after the effective date of this order (or in the case of an amendment within 60 days after the effective date of that amendment), mark each article covered by this order with a statement in the following form:

OPS—Sec. 43—CPR 7  
Price \$.....

Instead of marking the article you may attach a label, tag or ticket containing the same information.

10. *Sales volume reports.* Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, you shall file with the Distribution Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which you have delivered in that 6-month period.

This special order may be amended or revoked at any time.

*Effective date.* This special order shall become effective on January 26, 1952.

MICHAEL V. DISALLE,  
Director of Price Stabilization.

[Ceiling Price Regulation 83, Section 2,  
Special Order 13]

FORD MOTOR CO.

#### BASIC PRICES AND CHARGES FOR NEW PASSENGER AUTOMOBILES

*Statement of considerations.* Special Order 6 established a schedule of prices and charges pursuant to section 2 of Ceiling Price Regulation 83 for sellers of new passenger automobiles and factory installed extra equipment manufactured by the Ford Motor Company. Subsequent to the issuance of Special Order 6, the manufacturer's prices to dealers were increased following an increase in wholesale ceiling prices pursuant to Ceiling Price Regulation 1, Revision 1, Supplementary Regulation 1. This order is accordingly issued to establish sellers' prices and charges which will reflect increased costs to dealers and markups thereon, and is applicable to 1952 models of the passenger automobiles manufactured by Ford Motor Company. The provisions of Special Order 6 remain in effect as to 1951 models.

For the purpose of clarifying the meaning of "standard equipment" which is included in the basic price of the automobile, an appendix has been added to this order showing the items of equipment which are standard on automobiles manufactured by the Ford Motor Company.

*Special provisions.* For the reasons set forth in the statement of Considerations and pursuant to section 2 of Ceiling Price Regulation 83 this Special Order 13 is hereby issued.

4. That R. H. Johnson & Co. filed an appeal to this Commission from said order of expulsion, which appeal is pending.

5. That the District Committee for District No. 13 and the Board of Governors of the Association have reviewed the opinion in the proceedings resulting in such order of suspension and expulsion, have considered the subsequent activity of Roland H. 5. That the District Committee for District No. 13 and the Board of Governors of the Association have reviewed the opinion in the proceedings resulting in such order of suspension and expulsion, have considered the subsequent activity of John D. CONSOLIDATED NATURAL GAS CO. ET AL.

NOTICE OF FILING OF AMENDMENT PROPOSING  
EXTENSION OF TERM OF PROMISSORY  
NOTES

JANUARY 24, 1952.

In the matters of Consolidated Natural Gas Company, the Peoples Natural Gas Company, New York State Natural Gas Corporation, Hope Natural Gas Company (File No. 70-2325); Consolidated Natural Gas Company, Hope Natural Gas Company (File No. 70-2499).

Notice is hereby given that amendments to previous joint applications-declarations have been filed pursuant to the Public Utility Holding Company Act of 1935 ("act") by Consolidated Natural Gas Company ("Consolidated"), a registered holding company, and its subsidiaries, The Peoples Natural Gas Company ("Peoples"), New York State Natural Gas Corporation ("New York State") and Hope Natural Gas Company ("Hope").

Notice is further given that any interested person may, not later than February 4, 1952, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said amendments to the joint applications-declarations proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. At any time after February 4, 1952, such amendments to the joint applications-declarations may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW, Washington 25, D. C.

All interested persons are referred to the amendments to said joint applications-declarations which are on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized below:

Consolidated has heretofore issued to certain banks an aggregate of \$20,000,000 of its 2 percent promissory notes pursuant to a Loan Agreement dated February 1, 1950, and a Supplemental Agreement dated July 14, 1950, and, in turn, 2 percent promissory notes of subsidiaries have been issued to Consolidated as follows:

Peoples .....	\$8,000,000
New York State .....	10,000,000
Hope .....	2,000,000
	20,000,000

Although the loan agreements and the notes issued by the subsidiaries provide an ultimate maturity at March 15, 1955, annual approval by the Commission is required in order to continue such notes in effect from year to year (File No. 70-2325). In addition to the above notes, Hope has issued to Consolidated its 2 percent promissory note in the amount of \$2,500,000 having an ultimate maturity of March 15, 1955 (File No. 70-2499)

which also requires annual approval of the Commission in order to continue it in effect from year to year. All of said notes were permitted by the Commission to be continued in effect until March 15, 1952 (File Nos. 70-2325 and 70-2499).

Applicants-declarants now propose that all of the notes be extended to their ultimate maturity at March 15, 1955 without the necessity of securing further year-to-year approval. It is stated that while it was contemplated at the time the original notes were issued that such notes would be refinanced on a permanent basis at an earlier date than 1955, the system's plant expansion program has been enlarged and is being continued for a longer period than was contemplated in 1950, and as a result, the financing program must be continued over a longer period, and, because of the low interest rate on the notes, any refinancing on a permanent basis during the period of the notes would be uneconomic and impracticable.

Accordingly, Consolidated, and its above named subsidiaries, have requested the Commission to enter its order permitting all of the above outstanding promissory notes to be continued in effect to their ultimate maturity at March 15, 1955.

By the Commission.

JANUARY 25, 1952.

Niagara Mohawk Power Corporation ("Niagara Mohawk"), an exempt holding company, and a public utility company, having filed an application pursuant to sections 9 (a) (2) and 10 of the Public Utility Holding Company Act of 1935 ("act") with respect to the following proposed transaction:

Niagara Mohawk now owns 1,533 shares of common stock and 464.5 shares of preferred stock of Beebe Island Corporation ("Beebe") amounting to 22 percent of the voting securities of such company. Beebe owns and operates a hydro-electric power plant on the Black River in Watertown, New York, in an area in which Niagara Mohawk renders electric service. Beebe was organized

by the owners of water power sites on Beebe Island to develop the water power. The water power thus developed has and continues to be made available to the Beebe stockholders in direct proportion to their stock holdings. All of the energy generated by the Beebe plant is delivered to Niagara Mohawk for distribution to Beebe's stockholder-customers. Niagara Mohawk proposes to acquire an additional 4,028 shares of common stock and 1,235 shares of preferred stock of Beebe, held by New York Air Brake Company, the aggregate of such shares representing approximately 58 percent of Beebe's outstanding voting securities. Niagara Mohawk also proposes to acquire from New York Air Brake Company its interest in 217 shares of the common stock and 5 shares of preferred stock of Beebe owned of record by New York Air Brake Company and assigned to the City of Watertown, representing approximately 2 percent of Beebe's capital stock, and New York Air Brake Company's interest in a lease between New York Air Brake Company and the City of Watertown dated November 16, 1949, such acquisitions being subject to obtaining from the City of Watertown whatever consent may be necessary. Upon completion of the transaction Niagara Mohawk will be entitled to approximately 82 percent of the power output of Beebe. In consideration for the transfer by New York Air Brake Company of all its interest in Beebe, Niagara Mohawk will pay the sum of \$510,000 to New York Air Brake Company.

Due notice having been given of the filing of the application, and a hearing not having been requested of or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application be granted forthwith:

## CENTRAL POWER AND LIGHT CO.

## ORDER APPROVING THE DISPOSITION OF ADJUSTMENTS RELATING TO ELECTRIC, GAS, WATER, ICE AND OTHER UTILITY PLANT

JANUARY 25, 1952.

Central Power and Light Company ("Central"), a public utility subsidiary of Central and South West Corporation, a registered holding company, having filed studies, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935 ("act") particularly sections 15 and 20 (b) thereof and Rule U-27 thereunder, relative to the original cost and reclassification of its electric, gas, water, ice and other utility plant accounts as at June 30, 1941, including proposals for the disposition of adjustments arising from such studies, which proposals are summarized as follows:

On October 23, 1944, Central initially filed original cost and reclassification studies of the company's utility plant accounts as at June 30, 1941. The studies were filed in accordance with Plant Instruction 2-D of the Uniform System of Accounts prescribed by the Federal Power Commission for electric utilities, which system of accounts is applicable to Central by virtue of this Commission's Rule U-27, promulgated under the act. In said studies Central represented that \$1,291,251.56 had been reclassified to Account 100.5—Electric Plant Acquisition Adjustments, \$802,552.94 to Account 108.15—Water Plant Acquisition Adjustments and \$89,028.92 to Account 108.25—Ice Plant Acquisition Adjustments.

The Staff of the Commission made a field examination and filed its report in connection therewith. Copies of the Staff's report were submitted to the company. Central has amended its studies to give effect to the recommendations contained in the Staff's report and now proposes to classify \$1,045,661.65 in Account 100.5—Electric Plant Acquisition Adjustments, \$984,779.19 in Account 107—Electric Plant Adjustments, \$333,974.02 in Account 108.15—Water Plant Adjustments, and \$1,473.22 in Account 108.47—Other Utility Plant Adjustments.

Subsequent to June 30, 1941, Central sold all of its water properties and all items pertaining to water plant, including adjustments pertaining thereto, have been removed from its books. Central now proposes the disposition of the amount of \$1,045,661.65 remaining in Account 100.5—Electric Plant Acquisition Adjustments by immediately establishing an amount of \$367,500 in Account 252—Reserve for Amortization of Electric Plant Acquisition Adjustments, which amount represents the total voluntarily amortized by the company from January 1, 1947, up until September 30, 1951, through charges to income, and to continue such amortization at the rate of \$78,000 annually until the amount accumulated in Account 252 shall equal the amount remaining in Account 100.5. Such amortization shall be accomplished by monthly or annual charges to Account 537—Income Deductions in the total annual amount of \$78,000, or 1/12 thereof if charged monthly, with con-

current credits in an equal amount to Account 252. The above mentioned amortization is to be retroactive to October 1, 1951.

Central further proposes to dispose of the remaining amounts of \$984,779.19 in Account 107—Electric Plant Adjustments and \$1,473.22 in Account 108.47—Other Utility Plant Adjustments, by charging \$942,662.00 to Account 250—Reserve for Depreciation and the balance of \$43,590.41 to Account 271—Earned Surplus. The charge to the Reserve for Depreciation reflects the approximate amounts previously credited to such Reserve for Depreciation through charges to income during the period January 1, 1934, to September 30, 1951, on account of the inflationary items in Central's property accounts.

Notice of filing of such studies, and amendments thereto, having been duly given and the Commission not having received a request for hearing with respect to said matters within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

It appearing to the Commission that the proposals for the disposition of the amounts established in Accounts 100.5, 107, 108.15, 108.17, and 108.47, in the manner described above, are consistent with the requirements of Rule U-27 of the general rules and regulations promulgated under the act: *It is ordered, that:*

(A) Central dispose of the amount of \$984,779.19 in Account 107 and \$1,473.22 in Account 108.47, and create a reserve in Account 252 for amortization of the amount of \$1,045,661.65 established in Account 100.5, both in accordance with the proposals described above.

(B) Central submit certified copies of the immediate entries required by paragraph (A) hereof within sixty days from the date of this order.

By the Commission.

utility subsidiary of Southern. Applicants-declarants have designated sections 6, 7, 9 (a), 10, and 12 (f) of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Gulf Power proposes to issue and sell 92,000 additional shares of its authorized and unissued common stock, without par value, and Southern proposes to acquire such shares for a cash consideration of \$2,000,000. The consideration per share represents the approximate book value per share at November 30, 1951, of the outstanding shares of common stock of Gulf Power.

Gulf Power proposes to use the proceeds from the sale of such shares to construct additional utility plant or to reimburse its treasury, in part, for expenditures incurred for such purposes or to provide for the payment of temporary bank loans incurred for such purposes.

Gulf Power's total construction expenditures for the years 1952, 1953 and 1954 are estimated at \$26,816,000. It is stated that, based on the present level of earnings and current expectations as to the progress of such construction program, approximately \$19,000,000 of additional cash will have to be provided before the end of 1954 through the sale of additional securities of a type not yet determined.

The joint application-declaration states that the proposed transactions, with respect to the issuance and sale of the additional shares of common stock by Gulf Power, are subject to the jurisdiction of the Florida Railroad and Public Utilities Commission and that the expenses to be incurred in connection with the proposed transactions are estimated to be \$4,750, including counsel fees of \$1,000.
